Designer Of S. Viet Nam Coup Says He Planned It Month Ago

By RAY HERNDON

SAIGON, South Viet Nam (UPI) —"We would have lost the war under (late president Ngo Dinh) Diem," Maj. Gen. Ton That Dinh, 38, said today.

Dinh, who led the coup which ended eight years of Diem family rule in just 17 hours of fierce fighting, said he decided one month ago to stage a coup.

He said he feared mass army desertions due to Diem's alleged anti-Buddhist policies.

"I kept it all in my head," he said of plans for the coup. There was not one close collaborator in the planning stage, he disclosed.

Dinh explained that he instigated the coup because he was convinced the Diem government was too unpopular to win the war against the Communist Viet Cong guerrillas. He said he did it "not for personal ambition but for the population, the people and to get rid of Nhu."

He referred to Ngo Dinh Nhu, husband of Mrs. Nhu, and Diem's powerful brother and chief political adviser who controlled the secret police.

Dinh, a slight, intense man, uses dark glasses and generally wears the tight tailored camouflage uniform of Vietnamese paratroopers. He paced nervously about his office today, gesticulating with a long, black cigarette holder, and described the coup.

"I am the specialist on the coup," he said. "I gave the orders in only 30 minutes. The principal requirements for a successful coup are maximum surprise and maximum secrecy."

Dinh had been military governor of Saigon at the time of the coup. Now he is a member of the triumvirate which heads the provisional 23-man military junta. He was promoted from brigadier to major general the day after he led the coup.

Dinh said he used an infantry regiment from his Fifth division, two battalions of marines and 12 tanks to spearhead the coup.

The crucial point of the fighting was the shelling of the palace, he said. He used tank fire to "demoralize" the presidential palace guards and lit-

Jars Of Home-Canned Figs Are Suspected

Dr. G. Thomas Quigg, 58, San Rafael dentist and past president of the California State Dental Assn., died yesterday in a San Francisco hospital of botulism poisoning

A friend of the Quigg family, Mrs. Josephine Lyons of Vallejo, died last Monday in a vallejo hospital of the same cause, it was learned today.

Dr. Quigg's wife, Edythe, was released from St. Francis Hospital in San Francisco Friday after being treated for botulism poisoning.

The botulism may have been contained in jars of home-canned figs given to the Quigg family by a Novato woman, according to Dr. Carolyn B. Albrecht, county health officer.

Dr. Albrecht said, however, that tests conducted by the Hooper Foundation Laboratory at University of California Medical Center and the laboratory of the State Department of Health on "all available jars of figs" had turned out negative.

DIFFERENT TIMES

She noted, though that the jars from which the Quiggs and their friends ate the fig may have been disposed of before the victims were taken to hospitals.

She said the Quiggs and their friend ate the figs at different times and these times corresponded to when they were taken to hospitals. Dr. Quigg was admitted to St. Francis Hospital on Oct. 24.

Mrs. Lyons was described by Dr. Albrecht as a friend of the Quiggs who had been living with the family and helping out with household work. Her death, according to Dr. Albrecht was attributed by Mrs. Lyons' doctor to botulism poisoning.

Dr. Albrecht said all three persons "had clinical symptoms of botulism poisoning."

ON STATE BOARD

Dr. Quigg, who resided at 65 Fairway Drive, was secretary of the California Board of Dental Examiners. A native of Eureka, he had lived in Marin County 20 years.

He graduated from University of California School of Dentistry in 1927 and practiced in San Francisco. He was also a member of the House of Delegates of the American Dental Society and past president of the San Francisco Dental Assn.

Dr. Quigg was active as a layman in the Catholic Church, serving as a director of the Catholic Layman Retreat Assn., which operates the Jesuit Retreat House in Los Altos, and was past district deputy of the Knights of Columbus.

Dr. Quigg is survived by his wife, a son, Thomas M. Quigg; two daughters, Susanne M. and Patricia A. Quigg, at the San Rafael home; two brothers, J. G. Quigg, Littleton, Colo., and Charles F. Quigg, Eureka.

Solemn Requiem High Mass will be celebrated at 9:30 a.m. Wednesday at St. Raphael's Church, San Rafael. Military burial will be in Golden Gate National Cemetery, San Bruno.

Rosary will be recited at 8 p.m. tomorrow at Keaton's Mortuary, San Rafael.

Diem Brother Jailed To Curb Violence

SAIGON, South Viet Nam, (UPI)—The ruling military junta was reported today to have jailed Ngo Dinh Can, brother of assassinated president Ngo Dinh Diem, to protect him from mob violence In the old imperial city of Hue, 400 miles north of Saigon.

Reports of rising tension in Hue were received here as the junta issued an anti-Communist program for the nation pledging freedom of the press and religion, a quick return to constitutional government and assurances there will be no military dictatorship.

Leaders of the military junta assured the nation they overthrew the Diem regime because they could not have defeated the Communist Viet Cong under his leadership and because they feared mass desertions from the army as a result of his anti-Buddhist policies.

Although Saigon was calm, tension was reported in Hue where the first repressions of the Buddhist began on May 8 when govenrnment troops fired on Buddhist demonstrators and killed nine of them. Ngo Dinh Can had ruled the area with an iron hand for the Ngo family.

Hue has been one of the most virulent centers of hostility toward the Diem regime and military sources said Can was arrested because it was feared mobs would attack him in reprisal for his crackdown on Buddhists and his arrest of 2,000 Hue students.

Russians Halt Another Convoy

BERLIN (AP)—Another U.S. Army convoy was stopped by Soviet authorities on the road linking isolated West Berlin with West Germany. US. Army officials said the convoy was halted at Marienborn, the checkpoint at the western end of the highway.

Several hours later, a U.S. Army spokesman announced that a maneuver by the American garrison in Berlin scheduled for tomorrow had been postponeed for 24 hours.

Father Sees Mrs. Nhu; She Seeks Children

LOS ANGELES (AP) — Mrs. Ngo Dinh Nhu had an unexpected private meeting today with her father, from whom she has long been estranged.

It took place in her hotel suite shortly after the former first lady of South Viet Nam released the text of a telegram asking the U.S. government to help her attend her husband's funeral in Saigon and to remove her children from the Asian country. (See also stories page 2)

(In Washington — The State Department has informed Mrs. Nhu that the United States would be willing to help in bringing her three younger children from Viet Nam to this country.

(But, press officer Richard I. Phillips said, Mrs. Nhu's request for safe conduct in returning to Viet Nam "is a matter for Vietnamese authorities" to decide.)

LOS ANGELES (AP)—Mrs. Ngo Dinh Nhu has asked the U.S. government to guarantee her safety so she may return to South Viet Nam to attend her husband's funeral and remove her three young children.

She released today the text of a telegram sent yesterday to Secretary of State Dean Rusk, asking the help of the American embassy in Saigon. (See also stories, photo page 2)

Mrs. Nhu, the Asian country's former first lady, is mourning the death of her husband and his brother, President Ngo Dinh Diem, in the military coup which overthrew the ruling family last week.

She said that if Rusk considers her request "excessive" she would prefer to have the children sent to Rome via Los Angeles.

In an earlier verbal statement the beautiful but acid-tongued Mrs. Nhu, resting here after a world tour, had blamed the United States for the coup. The wire made no mention of this.

Heavy Showers Fall On County

A storm ranging from light rain in Belvedere to a cloudburst in Inverness last night started what promises to be a wet week in Marin County.

No major damage nor flooding was reported.

The heaviest rainfall, 3.75 inches, was reported at Inverness which had a 45-minute downpour starting at 4 p.m.

The forecast is for occasional rain through tomorrow with the probability listed at 70 per cent for tonight, and 80 per cent tomorrow.

A heavy shower backed up commuter traffic along Highway 101 from the Golden Gate Bridge to Greenbrae until nearly 9 a.m. today, the California Highway Patrol reported. Several minor accidents were reported shortly before 8 a.m.

There was a delay in telephone communication to San Francisco but it was caused by a mechanical condition in the Pacific Telephone and Telegraph Co.'s San Francisco office, reported Gorden Davenport, North Marin County manager for the company.

There were two instances of mud sliding onto San Rafael city streets because of erosion, reported Morris M. Rawles, city public works director. The erosion was at new subdivisions under construction, one along Scenic Avenue and one in Terra Linda, he said.

Mons Ring, Marin County Public Works Department engineer, said "apparently there wasn't enough rain to cause any major damage."

Rainfall in San Rafael totaled 1.72 bringing the season total to 4.25 as compared to 10.15 at the same time last year. The average to Nov. 4 is 2.69.

Rainfall totals in other areas as of 8 a.m. included: Kent Lake, 3.05 inches; Ross, 2.81; Phoenix Lake, 2.25; Woodacre, 2.2; Alpine Lake, 2.10; Lagunitas Lake, 2.1; San Anselmo, 1.98; Point Reyes, 1.92; Bon Tempe Lake, 1.75; Nicasio Lake, 1.62; Chevy Chase sector of Larkspur, 1.46; Fairfax, 1.05; Mill Valley, 1 inch; Larkspur, .96; Tamalpais Valley .88; Novato .7, Sausalito, .5, and Belvedere, .34.

Research Re-Entry Vehicle Launched

VANDENBERG AIR FORCE BASE (AP)—A reasearch re-entry vehicle was hurled down the Pacific missle Range tis morning by an Atlas booster, the Air Force announced.

The launch was the first in a series planned by the Air Force in a program to advance the state of the arc in re-entry systems, a spokesman said.

Candidate's Drive-In Is Picketed

SAN FRANCISCO (AP) — The mass picketing of a drive-in restaurant co-owned by a leading candidate for mayor resulted in 112 weekend arrests and churned up bitter political exchanges.

Today a picket leader, one of the many San Francisco State and University of California students involved, said "we will keep on picketing for as long as we have to."

Arthur Sheridan, 24, of San Francisco State, leader of the so-called Direct Action Committee pickets, said the picketing was not political but was done in support of a "demand that Mel's hire Negroes for more menial jobs."

Supervisor Harold Dobbs, co-owner of the Mel's chain, ridiculed the racial issue, saying 30 of the 245 employees are Negroes. He said rather it was a cheap political trick by his chief mayoralty rival, Rep. John F. Shelley, to raise a false issue at the windup of the campaign.

Shelley retorted that he had nothing to do with it and that Dobbs "lies in his teeth."

When it was pointed out to Sheridan that pickets had marched in front of Dobbs' home but had ignored the home of his Mel's partner, Mel Weiss, the picket leader said that was "just an oversight."

Mrs. Nhu's Children Safe, She May Remain In The U.S.

Drafts Reply On Report From State Department

BEVERLY HILLS (UPI)—Mrs. Ngo Dinh Nhu, first lady of the deposed South Viet Nam government, kept herself secluded in her eighth-floor hotel suite today and speculation grew that she would remain in this country indefinitely.

The State Department advised Mrs. Nhu by telegram yesterday that her three children in South Viet Nam are safe. The children—aged 15, 11 and 4—were understood to have been in Dalat, a resort near Saigon, at the time of the uprising against the now-deposed regime.

A spokesman said Mrs. Nhu had drafted a reply to the State Department, but declined to reveal its contents because she wished to have the State Department advised of her message first.

ANOTHER BROTHER

The State Department had said it understood Mrs. Nhu wanted the children to "proceed to Rome" where a third of the Ngo brothers, the archbishop of Hue, is attending the Vatican Council meeting.

Sources close to Mrs. Nhu quoted her as saying she would leave her Beverly Wilshire hotel suite sometime today to take up residence in a private home in the exclusive Bel Air district.

Mrs. Nhu and her daughter, Le Thuy, 18, have been staying at the hotel since completing a nationwide tour early last week.

'CRUEL JUSTICE'

Calling the successful coup a "dirty crime," Mrs. Nhu said Saturday that "no one can seriously believe in the disclaimers that Americans had nothing to do with the present situation in Viet Nam."

"Such a cruel injustice and mistreatment from a powerful country against a faithful and honest ally cannot go unnoticed," she said, "and those who indulge in it will one day have to answer for it."

Give Up Titles

LONDON (UPI)—Out of love and respect for their father and mother—whom they would otherwise outrank in nobility—the four children of Prime Minister Sir Alec Douglas-Home have joined him in renouncing their titles.

The prime minister's son, 19-year-old Lord Douglass, becomes David Douglas-Home. Three daughters lose their courtesy title of "Lady."

Becomes Nun

MADRID (UPI) — Countes Teres Zamoyski y Borbon, 25, great-granddaughter of Queen Maria Christina of Spain, has become a nun in the strict order of the barefoot Carmelites, it was announced today.

Ex-Viet Ambassador Won't See Daughter

ORANGE (UPI) — Tran Van Chuong, former South Vietnamese ambassador to the United States, apparently will not see his daughter, Mme. Ngo Dinh Nhu—first lady of the deposed South Viet Nam government, during his current California speaking tour.

Chuong, who addressed an audience of about 1,000 last night at Chapman College here was scheduled to go to Fresno today for another speaking engagement.

He indicated last night he would "not have time" to see his daughter during his brief stay in the Los Angeles area.

But Chuong did reverse his previous position in which he in effect disavowed Mme. Nhu by saying she was "no longer my daughter." He said the former first lady still is his daughter.

Referring to the new government of South Viet Nam in his address as "a ray of hope," Chuong said he expected a more liberal policy under the new regime. He cited "justice" as one of the main needs of the South Vietnamese people.

In one of his few references to the deposed government of the troubled Asian nation, Chuong said the government of deposed Ngo Dinh Diem listened only to the "faithful" and did not always permit the most capable to participate.

He said that as far back as July 1962 he had urged Diem and his son-in-law, former strongman Ngo Dinh Nhu, to change some of their policies.

At the same time, he called Diem "a dedicated, sincere man who was surrounded by flatterers."

Algerian, Moroccan Forces Ignore Cease-Fire Accord

RABAT, Morocco (UPI) — Algerian and Moroccan artillery forces ignored a cease-fire agreement and shelled each other throughout the night near the desert border town of Figuig, official Moroccan sources said today.

The undeclared border war over a disputed stretch of bare Sahara Desert land containing iron ore and other minerals appeared to be going into its fifth week despite the cease-fire that was to have become effective Saturday morning.

The Moroccan News agency MAP said in a dispatch from Figuig that Moroccan army units and civilian volunteers had "repulsed all attacks successfully, forcing the attackers to pull back to their positions."

There was no indication of casualties or damage to Figuig, a Moroccan oasis town 37 miles northeast of the Algerian command post of Colomb Bechar.

(Algerian military spokesmen in Colomb Bechar refused to confirm the Moroccan reports of continued fighting at Figuig.)

Other reports said fighting had broken out yesterday near the Moroccan town of Oujda, about 200 miles north of Figuig near the Mediterranean coast.

LONDON (UPI) — Long Dog, the mongrel mascot of the 1st Battalion Royal Ulster Rifles, has been promoted to acting sergeant because of his "discipline, efficiency and turn-out," Lt. Col. Corran Purdon said today.

WIRE NEWS BRIEFS From Everywhere

11 Die As Car Plunges Into River

NEW YORK (AP)—An automobile jammed with 12 adults and children went past warning lights blacked out by vandals and plunged into the Harlem River in the early morning dark yesterday. Only one person survived.

The 11 deaths all but wiped out three Brooklyn families. Those in the car had just left a christening party.

The 11 deaths equaled the state record for a single accident.

Police said vandals had ripped bulbs and wiring from blinking red lights at the end of a street.

Lyndon Praises Benelux Community

LUXEMBOURG (UPI)—Vice President Lyndon B. Johnson arriving for a week's visit to the common market's "little three" said today that Luxembourg, Belgium and The Netherlands were "in the vanguard of the new Europe."

He said the three nations, by forming the Benelux community shortly after World War II, "showed the way for the larger communities which followed, the coal and steel community and the European economic community."

Stolen Venezuelan Arms Found

CARACAS, Venezuela (UPI)—A one-million-dollar cache of guns and ammunition was found today buried under the sands of a beach in a remote smugglers' cove of northwestern Venezuela.

The defense ministry, which indicated earlier that the weapons might have been smuggled from Cuba, reported that an examination showed the guns, some of them manufactured in the United States, were stolen from the Venezuelan Army.

Rightist Party Loses In Greece

ATHENS, Greece (AP)—Veteran statesman George Papan, and his underdog Center Union rolled today to an astonishing election victory. But the party almost certainly fell short of enough votes to win a decisive majority in Parliament.

Papan

The 75-year-old former premier and his party upset long-time Premier Constantine Caramanlis and his rightest National Radical Union (ERE) in the voting, and possibly swept Caramanlis out of politics altogether.

Caramanlis, who had solid parliamentary majorities for eight years, said he was contemplating withdrawing entirely from public life. There also were reports he was planning to leave the country but they could not be confirmed.

Indianapolis Death Toll Rises

INDIANAPOLIS, Ind. (UPI)—The death toll from the Indiana fairgrounds disaster Thursday night rose to 68 today with the deaths of two persons in hospitals.

The latest victims were James Turner, 60, Casey, Ill., who died last night, and Mrs. Bessie Ginns, 59, Muncie, Ind.

Two elderly persons injured critically in the blast died yesterday. At least 14 of the 336 injured remained in critical condition today.

San Francisco Votes Tomorrow

SAN FRANCISCO (UPI)—San Francisco voters go to the polls tomorrow to select a new mayor and other municipal officials and to vote on 10 proposed amendments to the city charter.

Chief interest, as is customary, centers on the race for mayor. Seven candidates are vying for the city's top office, but most observers feel it will be mostly a two-man race between Supervisor Harold Dobbs and Democratic Rep. John F. Shelley.

On the remaining five candidates, only Public Defender Edward T. Mancuso is given a chance to finish ahead of Dobbs and Shelley.

Big Gem Robbery

NEW YORK (UPI)—A non-joking Jack Benny today expressed bewilderment at how a shabbily dressed bandit was able to gain entry to one of the city's swankiest hotels, then rob the comedian's wife of $250,000 in jewels.

The robber, wearing a threadbare jacket, poorly pressed trousers and a shirt open at the neck, yesterday took the gems at gunpoint from Mary Livingston, Benny's wife, in the couple's 13th-floor suite suite at the Hotel Pierre.

11 Given Up For Dead Are Alive In Mine

PEINE Germany (UPI) — Eleven German miners once given up for dead waited 187 feet underground today for rescue workers to drill an escape shaft and free them from the flooded Mathilde iron mine where they have been trapped nearly 11 days.

Rescue officials said they hoped to save the men, who were discovered alive yesterday, just as three others were rescued from an air pocket 262 feet deep last week.

A giant American-made drill bit used in the other operation had bored a two-foot shaft to a depth of 36 feet early this morning but rescuers said they did not expect to reach the men before tomorrow night at the earliest.

Rudolf Stein, manager of the mine, warned that the attempt would be "extremely dangerous" because the men are in a unsupported chamber that could cave in as a result of the drilling operations.

"We hardly dare to breathe while the drill goes down," Stein said.

Two test shafts also were being drilled to determine if five other miners had found refuge in another suspected air pocket.

Won't Play

OXFORD, England (UPI) — Oxford undergraduate Hope McIntyre, 21, said today she had refused student suggestions that she appear in a university play wearing nothing but a pair of shorts. "Daddy would be simply furious," Hope explained.

Cosmos Voyage Hinted For Russ Space Couple

MOSCOW (UPI) — The world's first space newly-weds were launched on a brief Russian honeymoon today before embarking on a possible joint spectacular in the cosmos.

Cosmonette Valentina Tereshkova, a lovely bride in white with a near-blond hair-do, disappeared from a boisterous reception last night hand-in-hand with spaceman Andrian Nikolayev.

Twenty-one toasts rang in their ears, most of them hoisted by Premier Nikita Khrushchev who said he was acting as "father of the bride." Valentia's father was killed in World War II.

Air Force Chief Marshal Konstantin Vershini, in raising his glass, hinted that the bride and groom might go in orbit together one of these days.

"I wish you further great successes in the air and the cosmos," he said.

Valentina, in her 48-orbit space flight last June, almost linked up with cosmonaut Valery Bykovsky who was whirling around the world in a second spaceship at more than 17,500 miles per hour.

Nikolayev flew alone in August of last year on a 64-orbit mission that kept him aloft in Russia's spaceship three for more than 94 hours.

Only 10,000 or so helicopters have been built in the United States.

Cost Estimate Due On Utility Lines

Start on the first project of putting utility lines underground in downtown San Rafael may be signalled at tonight's meeting of the San Rafael City Council.

The council, meeting at 8 p.m. in the city hall, will hear Public Works Director Norris Rawles' estimate of cost to the city of an underground line on A Street from Julia Street to 130 feet north of Third Street. The installation is proposed by Pacific Gas and Electric Co. The city is involved because street lights on Fourth Street would be served from the new underground installation instead of from an existing overhead high-tension line which would be eliminated.

The council will have before it a recommendation by Rawles that the recently adopted truck route ordinance be amended to permit trucks up to 13 tons gross weight instead of the present limit of 11 tons, also that trucks beyond specified weight limits be permitted on downtown streets with special permits from Rawles' departments.

The amendments are apparently those sought by the Engineering and Grading Contractors Assn. A representative of the association appeared at the city council meeting of Oct. 7 asking immediate emergency action to change the ordinance, but did not set forth his reasons. He was told to meet with Rawles and appear again Oct. 28. He did not appear at that meeting.

Rawles, in a letter to the council, reported he had met with association representatives and that City Atty. David Menary Jr. has prepared an ordinance amendment embodying the changes.

Police Chief Charles J. Chiesa's justification of appointment of a new police lieutenant and sergeant also is scheduled to be heard.

Public hearings will be held on annexation of the 300-acre Pimental Ranch, and on an appeal by Melba Kirschner from conditions attached by the planning commission to resubdivision of three lots on Prospect Drive near Grand Avenue.

In all, 22 items are on the agenda for the meeting, at which Vice Mayor Charles W. Aby will preside as Mayor John F. McGinnis will be absent.

Russ Ballet Draws Mayor Out Of Town

If you go all the way to Moscow but miss the Bolshoi Ballet, you can hardly pass up a chance to see its touring company in San Francisco.

Last year, San Rafael Mayor John F. McInnis led a Marin delegation on a tour of Russia. Among scheduled attractions was the Bolshoi Ballet at Moscow's Bolshoi Theater.

However, the program was changed. Instead, the touring Marinites saw the Leningrad Ballet in a special performance honoring the famed composer, Igor Stravinsky, who had just returned to Russia after many years in exile.

The Bolshoi's touring company is now in San Francisco. And that's why Mayor McInnis won't be at tonight's city council meeting.

Helium was discovered in the sun in 1868, almost 30 years before its presence on earth was detected.

Supervisors Will Hear Report On Suitable Industry For Marin

A proposal by Stanford Research Institute to study types of industries that might be attracted to Marin County and help share the tax burden will be presented to the Marin County Board of Supervisors tomorrow.

The supervisors meet at 9 a.m. on the third floor of the Civic Center.

The institute proposes to identify types of economic activities that would (1) find Marin economically attractive, (2) be compatible with the "atmosphere" in Marin, and (3) contribute financially to the county's support. This first phase would cost about $25,400.

A second phase study would indicate a program by which Marin could systematically attract such economic activities.

The supervisors will also hear from the county counsel on an amendment in state law that requires the county to pay court-appointed attorneys defending indigents in misdemeanor cases. The public defender represents indigents in felonies but is not allowed to defend indigents in misdemeanors. In the past, private attorneys were sometimes assigned to defend indigents in misdemeanors without charge, but now they must be compensated.

The welfare director will ask for a better salary to attract a systems analyst to convert welfare programs to data processing.

At 1:30 p.m. supervisors will take up public works matters such as bids for 16 compact cars, bids on flood control pumping station and equipment in Santa Venetia, and the Gallinas Yacht Club's request for lease of county-owned land on Gallinas Creek for boat launching and community-type clubhouse.

Terra Linda Community Services District is asking for the services of a county engineer to study flood control deficiencies in its area.

College To Get Fund To Train Secretaries

Approval of $39,658 in federal manpower development and training act expenditures to train 50 persons as secretaries at College of Marin was announced in Washington by the office of Sen. Clair Engle.

This will enable the adult school to start a class for 25 on Nov. 18, Dean Ellsworth R. Briggs said. A second class of 25 will start after completion of the first 27-week class in mid-May, he reported.

Dr. Briggs said the funds approved today will cover all costs of instruction. In addition other federal funds totaling $56,970 will provide pay of more than $41 a week to each student during instruction.

Applicants will be screened by the San Rafael office of the State Department of Employment.

Last fall the adult school gave a course in small business clerical training to 25 under the manpower act. The new course is broader in that it includes shorthand, said Briggs.

Richardson Bulkhead Line Delayed

By 3-to-2 vote, the Marin County Planning Commission today postponed indefinitely action on re-establishing pier and bulkhead lines in Richardson Bay.

Dr. William F. Upton and Felix M. Warburg wanted to re-establish lines, but were outvoted by acting chairman George Scott, H. C. Hankins and Edward K. Wachsman. Chairman Niels Schultz Jr. and Commissioner Charles R. Johnson were absent.

Developers Tom E. Nowell of Mill Valley and George Kappas of Sausalito spoke in opposition.

"If the lines are re-instituted, you've killed the dredging of Saucelito Canal," declared Nowell.

High School Girl Injured In Car Crash

A Redwood High School girl was injured when the car she was driving was hit in the rear while eastbound on Tiburon Boulevard near Reed Ranch Road at 3:30 p.m. Saturday.

Candace Jayne Wiser, 17, of 2450 Vistazo East Street, Tiburon, was cited for having only a learner's permit and no one with a driver's license accompanying her. She was treated at Marin General Hospital for neck sprain.

California Highway Patrolman Donald Downing reported the small British sedan belonging to her mother, Mrs. Lethe Mae Wiser, and driven by the girl was hit by a car driven by John Hill, 44, of San Bruno.

Dowling blamed the crash on Hill's "inattentiveness" but pointed out there is "no statute to cover this."

Door Knocks Out Boy At School

A Novato High School junior was knocked unconscious when he ran into a door today in the high school gymnasium.

Paul Panholzer, 16, was going from the gymnasium proper into the aparatus room about 9:15 a.m. Someone let the swinging door fly back just as Panholzer reached it, said Principal Robert Wisgerhof.

The youth was taken via Novato ambulance to Novato Hospital, where he regained consciousness and was responding to treatment. Tests were still being made to determine the extent of his jury.

He is a son of Mr. and Mrs. Walter L. Panholzer of 1133 Mirabella Avenue, Novato.

Doctor Taken To Hospital

A Homestead Valley doctor was committed to Napa State Hospital for observation yesterday after another doctor called sheriff's officers, saying his colleague was under the influence of a drug and couldn't care for himself.

Deputy Sheriff James B. Kane reported he found Dr. Clay Orvis sitting on a bed in his office at 209 California Street, smoking a cigarette and throwing lighted matches and ashes on the floor.

Kane had been called to the office by Dr. Paul Davidson of Kentfield. He and Dr. Samuel T. D. Anderson of San Rafael, signed the commital papers.

Asks For Vacation

Bella H. Aaron, a member of the San Rafael Board of Education, has requested the city council's permission to be out of the state from Friday to Nov. 24 while she and her husband, Lewis L. Aaron, vacation in Mexico.

COUP

erally shelled them into submission.

The coup was so well organized there were few casualties when Dinh's troops seized key installations in the city at the same time the attack on the palace was mounted.

In the entire fighting, Dinh said, only four presidential guardsmen were killed and 44 wounded. The coup forces suffered only nine casualties, and 46 wounded, according to official reports, he said.

"It hurt me when I heard they had killed Diem," Dinh said. "I couldn't sleep."

Dinh professed respect for the late president, but said Diem took advice only from his own family, and was leading the country to destruction.

The generals confronted Diem during the height of the crackdown on Buddhists and demanded a change, he disclosed. The president promised he would enact reforms by election day and desist in persecution of Buddhist leaders, Dinh said.

Camp Fire Girls Win Halloween Window Contest

Mrs. Vincent Yoder's group of Camp Fire Girls added $25 to their treasury as winners of the contest for best Halloween window painting in the Montecito Shopping Center in San Rafael, the Montecito Merchants Assn. announced today.

The winners painted a graveyard scene on windows of the Poly Clean Center.

Second prize, $10, went to Mrs. James Upshaw's group for ghosts painted on Love's Gift Shop windows. Third prize, $5, was awarded Mrs. Richard Davis's group for a totem pole on Purity Store windows. Gwen Stone and Jane and Frank Bacher were the judges.

Change Is Made In Entertainer

Margaret Woodall, widely known for her one-woman dramatic presentations, will appear at the San Rafael Improvement Club tomorrow in place of Alyce Amory, the scheduled performer.

Miss Amory, writer and musician, was injured in a fall, according to information reaching the club. Miss Woodall, who is also scheduled for the club's Christmas program on Dec. 3, agreed to appear as last-minute replacement. She will give the Broadway play "Mary, Mary," as a monologue supplemented by recordings.

The club will meet at 1:30 p.m. in its clubhouse and Fifth Avenue and H Street.

Parks Ordinance Ordinance On Tap

An ordinance which would require subdividers to set aside land for parks with each subdivision will be discussed by the Novato parks and recreation commission at 8 p.m. tonight in the Community House.

The commission will also go over the final plans for the city swimming pool to be built on the Novato High School site.

Other items on the agenda include a report on insurance for the senior citizens, repairs to the Community House, and the fall recreation program at the schools.

Belvedere Meeting

The Belvedere Community Hall. The agenda will include ordinances regulating the use of the Community Hall and connections to the city sewer system.

Hendren, 72, was born in Windsor, and grow up in Occidental, both in Sonoma County. He also operated a dairy ranch in the Bodega area before moving to Point Reyes Station. His wife, Clara Hendren, predeceased him.

He is survived by two daughters, Mrs. Betty Mae MacCubbin, San Rafael, and Margie Vicknair, Oakland; a son, Oliver M. Hendren, Point Reyes Station; two brothers, William A. Hendren, Petaluma, and Verner Hendren, Occidental; a sister, Mrs. Elizabeth Graham, Occidental, and four grandchildren.

Funeral services are scheduled for 2 p.m. Wednesday at the Parent Funeral Chapel, 216 Washington Street, Petaluma. Burial will be in Olema Protestant Cemetery.

ETHEL WHITE

Mrs. Ethel A. White, 80, of 1113 Mirabella Avenue, Novato, died today in a local convalescent hospital after a long illness.

She was born Sept 19, 1883, in San Francisco, and had lived in Novato since the 1906 earthquake. Her husband, Charles White, died in 1949. He was a captain with Matson Steamship Lines.

She was a member of the Novato Chapter 609, Order of Eastern Star.

She is survived by a daughter, Mrs. Ethel Hill with whom she made her home, a sister, Mrs. Alice Turner of San Francisco, and three grandchildren.

Eastern Star services will be conducted at 1 p.m., Wednesday at the Redwood Chapel Funeral Home by the Novato Chapter of Eastern Star. Inurnment will be at Olivet Memorial Park in Colma.

Trailer Park Ordinance Is Approved

An ordinance to regulate trailer parks and other mobile homes in Marin won unanimous approval of the Marin County Planning Commission today.

The vote was 5 to 0 for the ordinance. Chairman Niels Schultz Jr. and Commissioner Charles R. Johnson were absent.

The ordinance will go before the Marin County Board of Supervisors on Nov. 12 for setting of a public hearing date.

The ordinance would require a minimum of five acres for each trailer park, although smaller parks might be allowed in special cases. The density would be not more than 10 mobile homes per acre.

Each park would be required to have a greenbelt planting strip around the boundaries. No trailer would be allowed within 20 feet of any park boundary.

At suggestion of attorney Bryan McCarthy, representing Orville Yerion of Forest Knolls, the commissioners deleted one section of the proposed ordinance, which would have required that trailer parks be located adjacent to commercial or industrial development.

Several women in the audience, who said they live in trailer homes, supported the ordinance so that quality trailer parks can be established in Marin County.

JAMES TOSO

James Toso, 59, of Mill Valley, a lithographer for 40 years, died yesterday on arrival at Marin General Hospital after an illness over a period of six years.

He had started his career in lithography as a feeder at Traung's in San Francisco and his last position was with Williams Lithograph Co., San Francisco.

Toso came to California from Michigan at the age of six months. He lived 33 years in Marin County, last residing at 305 Miller Avenue, Apt. 3, Mill Valley.

He was a member of Amalgamated Lithographers of America, local 17 of San Francisco.

He is survived by his wife, Louise Toso; a son, James C. Toso of Novato; two daughters, Mrs. Dolores Woodward and Mrs. Carole Dyche of Mill Valley; a brother, Joseph Toso of Mill Valley; two sister, Mrs. Rene Poletti and Mrs. Josephine Addy of San Francisco. Also surviving him are six grandchildren.

Requiem mass will be celebrated at 9:30 a.m. tomorrow at Our Lady of Mount Carmel Church and Rosary will be recited at 8 p.m. today at Russell and Gooch Mortuary, Mill Valley. Burial will be in Mount Olivet Cemetery. The family requests that tributes be contributions to the Marin County Cancer Society.

HARRY PEPOON

Harry Lewis Pepoon, 68, died unexpectedly of a heart attack at his home at 255 Canal Street San Rafael, Saturday night shortly after calling police to complain about a loud party in a nearby apartment.

Pepoon called San Rafael police at 10:45 p.m. When investigating officers arrived shortly afterward, they found him dead.

Pepoon, a retired employee of Pratt-Whitney Co. in West Hartford, Conn., had been a resident of Marin County for four years. He was a native of Hillsdale, N.Y.

He was a member of Unity Masonic Lodge 9 of Lebanon Springs, N. Y., and an honorary member of the Pratt-Whitney Fellowcraft Club.

Surviving are his wife, Anna Derby Pepoon; a daughter, Mrs. John J. Regan, and a grandson, all of San Rafael.

The family prefers that memorials be contributions to the rector's discretionary fund of St. Paul's Episcopal Church in San Rafael.

Memorial services will be held at 10 a.m. tomorrow at St. Paul's Episcopal Church. Pepoon gave his body to the University of California Medical Center in San Francisco for medical research.

ELSIE JENNINGS

Mrs. Elsie Pauline Jennings, 64, of Petaluma, died Saturday in a Petaluma hospital after a long illness.

Mrs. Jennings was born near Sebastopol. She lived in Petaluma 44 years.

She was a charter member and former president of Native Daughters of Golden West, Parlor 222.

She is survived by two sons, Lowell Jennings of Mill Valley and Fred J. Jennings of Petaluma; a sister, Mrs. Minnie J. Keller of San Francisco, and two grandchildren.

Funeral will be held tomorrow at 2 p.m. at Sorensen Funeral Home, Petaluma.

'4 BASIC ELEMENTS MAKE UP ALL LIFE'

Scientist Punches Hole In Fiction View That Somewhere Silicon Plays Big Role

WASHINGTON (UPI) — You and the crabgrass in your lawn and the mouse in your pantry are made of the same four basic elements.

And so also, suggests Dr. George Wald of Harvard University, are all of the living things on all of the habitable planets in all of the galaxies throughout the universe.

This does violence to one of the favorite canons of science fiction — that somewhere in the universe are strange worlds populated by peoples and plants and animals in whose structures silicon plays the role of carbon on earth.

Wald was one of a handful of learned men assigned to present papers at the recent centennial celebration of the National Academy of Sciences. His subject was "Origins of Life."

The left of earth, he said, is made up of "universal elements" and suggests that "life is bound to occur wherever conditions permit and sufficient time has elapsed" for its development.

The "conditions" are a planet somewhat resembling the earth in size and temperature and in the amount of radiation its receives from its parent star. Scientists agree there must be many millions of planets in the universe meeting those specifications.

On Earth, 99 per cent of the living parts of all existing organisms are made of four elements: Hydrogen, oxygen, nitrogen, and carbon — with a bit of sulphur and phosphorus added along with trace amounts of certain metals.

"The great job," Wald said, "is done with hydrogen, oxygen, nitrogen, and carbon, and I think one can make an excellent case for the thesis that life everywhere in the universe must be constructed primarily from those four elements."

"They alone among all the elements possess the critical properties," Wald said, upon which the existence of life — any life anywhere in the universe — must depend."

He noted that "it has been a favorite idea that perhaps elsewhere in the universe silicon may substitute for carbon in main organism." Silicon, just below carbon in the list of elements, is about 135 times more plentiful than carbon on earth.

But, said Wald, it cannot replace carbon in living things. Carbon dioxide dissolves in and combines with water, one of the "unique molecules" of life. That is the way carbon gets into living things.

Silicon dioxide in water ultimately winds up as "the stuff of quartz and flint," hard and harsh substances which might petrify and living matter matter they invade.

A more recently publicized notion is that somewhere in the depths of space liquid ammonia may substitute for water as the fluid of life.

The temperature of liquid ammonia is around 72 degrees below the freezing point of water. Low temperatures mean slow chemical processes. It took about a billion years for life to get started on earth.

At the temperature of liquid ammonia, Wald said, it would take about 64 billion years. As car as anybody knows, the universe itseslf is nowhere near that old.

Official Seal Of Terra Linda High Selected

A design by Terra Linda High School junior Bonnie Brown has been chosen for the official seal of the three-year-old school.

Students selected the seal Friday as the best of three entries. The seal designed by Miss Brown, daughter of Mr. and Mrs. Roulon Brown of 1069 Las Gallinas Avenue, Terra Linda, includes a torch of knowledge, a wreath of achievement, and symbols of Terra Linda sunshine and oak trees. It will be used on diplomas and in the school flag.

Other finalist seals were designed by senior Blaine Miller and sophomore Katrina Johnson. Only 37 per cent of the student body turned out to vote on the school seals, said student adviser Margaret Rattray.

Probes Of Drake Legend Bear On National Seashore

The search for truth is always a chancy job, never more so than when Nature's whims enter the problem. Therefore the United States District Court in San Francisco is hardly in enviable position when it seeks to determine the full record of Limantour Spit on the Point Reyes Peninsula.

Reason for the issue lies in a federal condemnation suit of unusual nature through which the Department of Interior seeks to clear the clouded title to 100 acres of sand dunes, a three-mile spit reaching up into Drake's Bay. For Uncle Sam to gain ownership it is necessary to be sure who is owner now.

Special interest attaches to the area because of the now strongly supported belief that here is "the first New England," or Nova Albion, the place where in 1579 Sir Francis Drake found refuge and careening-beach for his tiny flagship Golden Hind. The Drake landing is believed to have been opposite the present sandspit, which in turn is backed by white cliffs like those of Dover.

Since formation of the Drake Navigators Guild in 1949 under leadership of the late Capt. Adolph S. Oko of Point Reyes Station, extensive research has been conducted in this area by the guild and under its auspices. But of course major attention centered on that part of the bay opposite the present spit, since that is where Drake presumably careened his ship and built a small fort.

The troublesome nature of the immediate problem is indicated by an account of how the guild fixed on Drake's Bay as the likely location, experts noting from 1952 photographs that "there was the cove, sheltered by its shifting sand spit, in which Golden Hind had swung to her anchors . . ."

"Shifting" is the important word when it comes to any decision about the present major spit. (There have been spits on both sides, plus a mystery island appearing and disappearing.)

Is it reasonably close to the form it may have had when the original Spanish land grant was surveyed by the federal government in 1852? Was it included in a deed to Andrew Randall, who started a series of sales culminating in ownership by Drakes Beach Estates? That is the issue.

Cautiously it may be suggested that investigations indicate relatively long life for some parts of the spit, while part is newly formed and subject to frequent change. Here is a "yes and no" answer indeed. It remains to see what experts may have to say.

Part of the evidence is in great piles of accumulated driftwood, not formed in a day or a year. Geologists have checked the ground, but more work may be needed.

Conceivably some light may be shed even by Drake's remaining records and charts. It seems odd indeed that this figure of antique romance may now contribute to facts bearing on creation of a national recreational seashore for people of whom Drake never dreamed.

Abalone Farms?

Keith Cox, marine biologist for the California Fish and Game Commission and an expert on abalone, presented a fascinating lecture and discussion on his subject to the Marin Audubon Society recently.

Perhaps the most intriguing part of his talk was his mention of Japan's abalone farms. At one such farm that he visited, 2.5 million abalones were growing. This is equal to one year's commercial catch in California.

If the Japanese can farm abalones profitably, why not Californians? And why not do it on the rocky shores of West Marin?

OLD SOUNDS FROM PEKING

Red Chinese Admitting Lags From Atom Bomb To Farming

By PHIL NEWSOM
UPI News Analyst

SOME ODD sounds have been coming out of Peking lately.

Among them has been the seemingly frank announcement that "it may take a few more years" before China is ready to explode an atom bomb.

This would suggest a delay until at least 1967, with another 10 years necessary after that for mass production and construction of a delivery system.

Accompanying that disclosure by Red Chinese Deputy Premier and Foreign Minister Chen Yi was the admission that Chinese industry at the moment simply is not up to the job.

IT WOULD SEEM a galling admission of weakness by the normally boastful communist Chinese leadership, and a question arises as to why make it at all and what is to be gained by it.

But there is more.

Last September Liu Shao-chi, president of Communist China and chosen successor to Mao Tse-tung, said in North Korea that "it is impermissible for any socialist country to be the first to use nuclear weapons under any circumstances. . . ."

ON OCT. 1 Peng Chen, mayor of Peking, said that a world war could be averted through united effort and "concerted struggle" by the peoples of the world, including the United States.

Together, they seem to add up to a reversal of Peking's traditional stand that force is the only means of settling disputes with the Western world.

In Moscow last week, a Red Chinese delegate to the 13th Soviet Trade Union Congress went even farther.

RED CHINA, he said, favors peaceful co-existence and continued friendship with the Soviet Union. He added that:

"Atomic arms are terrible and for this reason we have to forbid them."

It came close to an endorsement of the partial nuclear test ban treaty which has been under unceasing Peking attack.

THE RED CHINESE deputy premier and foreign minister accompanied his admission of Chinese atomic unreadiness with a firm declaration that China never would knuckle under either to Nikita Khrushchev or the United States.

This would suggest a strategy by-passing Khrushchev and an attempt to promote Sino-Soviet ties on a people-to-people basis rather than through governments.

Chinese agriculture is improving but for both agriculture and industry she needs help which must come other than from either Soviet Russia or the United States. And it must come from the West.

Therefore it is to her advantage to play down temporarily both her potential as an atomic power and as an advocate of violence.

WHAT OUR READERS SAY

Free Coffee For Police Officers

Editor, Independent-Journal:

After two years of reading about police officers and their conduct in your paper, I am under the opinion that the hearing on Chief of Police Howard Goerndt is a waste of taxpayers' time and money in relation to spending so much time on how much free food and coffee is consumed by any patrolman in Marin County, let alone the Sausalito Police Department.

If certain persons want to rid the city or town of any person, they should do it with evidence that is worth while and at least good listening. I would like to inform you that as a former police officer with near seven years of service and a good record which I am proud of, I have come into contact with the very thing you seem to condemn almost nightly.

While in the service of the sheriff's office, San Anselmo police and the San Rafael police, plus experience recently with the county again, I have had "words" with certain stores selling primarily tobacco and liquor about accepting cigarettes gratis. I have had free coffee by the truck load and sometimes pie also.

I refused to go back to two places because they would NOT let me pay for a meal. Newspapers (on the late shift) were placed at my feet because I had refused them. I have accepted afternoon papers also.

At Christmas time, merchants offered me gifts and the departments accepted them as a whole.

I found that this did not affect my efficiency at all. It had no effect upon my honesty and I would gladly jail any person who would attempt to bribe me.

One owner asked me one time if I or the rest of the department were angry for some reason because the "boys" did not come in for a "snack." This person counted out somewhere between $800 to $1500 a night in plain sight. The "snack" was really cheap insurance for him I found out later.

Now, the people who are still under the opinion that this free business is really a major issue, let me remind you of a few small items. Hazards of the job are not taken into consideration. The pay in these times is not either. All towns and their fathers want J. Edgar Hoovers for their patrolman and chiefs. And what do they offer? Here is a rundown of what the deputy gets as well as the patrolman.

Juanita's Galley, a deputy got his head "clubbed in" in the last fight there. In Mill Valley, a deputy got hurt, minor, yet, but hurt in a teen-age fracas. A deputy had a shotgun against his chest in Marin City a few years back and Sausalito police was credited with apprehension of the responsible.

A well known investigator in Marin was credited with the apprehension of "Pete the Greek" who threw "tons" of shotgun lead at patrolman from all departments.

How about the new investigator who was worked over in a well known San Rafael establishment or another officer who has resigned since having an injury from the "line of duty?"

Would you offer free food to the Novato patrolman who solved three crimes in one shift or the Corte Madera patrolman who was assaulted by punks not too long ago? The story goes on an on.

No one really cares and the only hazard a white shirted college graduate who conducts investigations will face is the morning commute. It disgusts me.

Marin County Folk Have Sympathy

Editor, Independent-Journal:

Although a recent classified ad about our lost cat unfortunately did not succeed in its aim, we learned from some of the responses to it that you had done considerably more in our behalf than merely to run the ad in your lost-and-found column.

To say we were pleasantly surprised would be a considerable understatement. After months of trying to extract a minimum response from various elective and appointive officials, we simply aren't used to expecting any kind of cooperation from anybody.

We appreciate your help more than I can tell you—it did a great deal to restore our faith in humanity. I only wish that I lived in Marin County so I'd have a sensible reason to subscribe to your paper; we weren't acquainted with it at all prior to this experience, and the quality of the few issues we have seen impressed us very much.

Very truly yours,

BENNETT CERF

Into the suggestion box maintained for employees of the Illinois Central Railroad was dropped one day the proposal that wages in one town be paid in cash because both local banks were closed early on payday. The suggestion was approved, but the very first day the new plan went into effect a bandit staged a holdup and made off with the cash.

The varmint was apprehended and you may have guessed who he turned out to be: the employee who had made the suggestion!

Vera Laurence was elected to a high office in the Pun-American Conference as a result of her story of a father drop and a mother drop in the boundless ocean who were intent upon teaching their young offspring how to be a responsible part of the sea. After a month of intensive training the father observed his son's antics with satisfaction. He then announced to the mother drop, "I do believe we now have taught Junior everything he has to know. I hereby declare him fit to be tide."

Civil Rights Bill Prospects Suddenly Improve Vastly

WASHINGTON—The cloud of dangerous and divisive partisanship has been lifted so decisively from the civil rights bill that many will wonder how so much that is so good could happen so rapidly.

The outlook for passage is vastly improved. Approval by the House of Representatives is a near certainty.

The hurdle of a Senate filibuster lies ahead, but the decisive House majority now in the making will strengthen the pro-civil rights forces in the Senate when the final test comes.

HERE IS what happened—and there is ample credit for everyone who played a part:

The White House wisely abandoned its efforts to win enough Republican support to pass strengthened legislation and, simultaneously, to blame the Republicans for any and all compromises needed to pass it.

Att. Gen. Robert Kennedy courageously took the initiative—and put his own personal prestige on the block—to appear before the House Judiciary Committee and accept full responsibility for urging that the draft favored by the most ardent civil rights advocates be cut back nearer to the president's original proposals.

JUDICIARY Chairman Emanuel Celler of New York finally yielded to the judgment of the Administration leadership as to what was an "effective and attainable" bill. The ranking Republican member of the committee, Rep. William M. McCulloch of Ohio, and Rep. John Lindsay of New York faithfully negotiated the constructive compromise.

In association with Mr. McCulloch, himself a moderate Republican of great influence, House Minority Leader Charles A. Halleck put aside all partisan temptations.

Results: wide Republican support for the bill as now drafted is assured.

AT THIS TIME on this issue—the most delicate, the most combustible, the most urgent before the nation — the will of the majority in Congress and out is ineluctably at work. I believe it is not going to be denied.

Does this mean that politicians are suddenly becoming non - politicians and that statesmanship has replaced partisanship?

This is not quite the reality.

The truth is that the present civil rights consensus in Congress, in which party politics has now been submerged, rests on a combination of political fear and deep concern for the welfare of the nation.

THE TRUTH IS that for either the administration Democrats or the Republicans to seek to undermine the other by putting new civil rights legislation on the chopping block of partisanship-for-its own-sake was so riskful and reckless that both had to turn from it.

The administration at one stage would have liked to have garnered everything—enough Republican support to pass a good bill and one-sided credit for the end result.

Some Republicans were tempted by the possibility of denying to the Administration necessary support to enact the legislation in the expectation that the lacerating consequences would insure them a presidential victory next year. Others were resentful at the administration's effort to imply that it wanted a compromise bill only to win moderate Republicans behind it when it needed a compromise bill to win moderate Democrats as well.

THE RISK for both was too perilous and too evident to take.

Concern for the national welfare was present on both sides.

The nation is the beneficiary.

The bill invests strong powers in the federal government to insure racial justice. It is directed precisely at the abuses and discriminations which have become increasingly unacceptable to most Americans.

The majority now visible in Washington reflects, and I believe fortifies, the consencus of the nation that a conclusive breakthrough toward ending racial discrimination is attainable.

THE ALLEN-SCOTT REPORT

Moon-Project Eclipse Only Starts New Soviet Deal

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON— President Kennedy is seriously considering proposing a new joint undertaking with Russia.

Unfazed by Premier Krushchev's brush-off of a cooperative moon venture, the president is deliberating still another joint effort — this time in the field of education.

Under this yet-to-be-disclosed plan, "Joint studies of the educational processes in the two countries (would be undertaken)."

AS EXPOUNDED in a position paper prepared for the president by key foreign policy and disarmament advisers, the basic aim of this joint educational plan is to "improve the environment for the control of crises and conflict between the U. S. and the U.S.S.R."

Also under contemplation is a project for "expanding interaction with the Soviet people in areas such as art, games and tourism."

This concept is still in the formative stage. It has been discussed at several White House conferences, but only in general terms. No details have been submitted or acted on.

AS SPELLED OUT in the position paper, the joint U.S.-Soviet educational studies initially would be in such fields as anthropology, psychiatry, social psychology and comparative historical and political research.

House Speaker John McCormack, (D-Mass.) is quietly pressing a compromise that may clear the way for enactment of the $1.9 billion measure for a five-year program of federal grants and loans for the construction of college buildings.

The legislation has been stalled for weeks in a deadlock between the Senate and House over explosive provisions voted by each chamber.

UNDER McCormack's backstage plan, they would give ground as follows:

The House would agree to limit federal aid for private colleges to construction of science, social science, language and engineering buildings. The Senate, in turn, would drop its hotly controversial amendment under which any taxpayer could institute court action against government aid to private schools.

This provision, opposed by the administration, was written into the bill by a 45 to 33 vote with 22 senators abstaining. The amendment was sponsored by Senator Sam Ervin, (D-N.C.)

Among those voting for it was Sen. "Ted" Kennedy, brother of the President.

Disconcerting, My Word! When Houses Bob Up In Street

THERE IS ONE family from Muir Beach which brings in a box of books about once every two weeks to exchange them for a new lot at the Mill Valley library.

At the bottom of the box always, says Librarian Judy Cooke, she finds—sand.

Bill Woods, who has practically retired from termite hunting to help get the Mill Valley Community and Youth Center moved from Highway 101 to Project 17, is bearing a long red scratch on his face.

This he got from helping erect the thermometer in Lytton Square for the fund drive to pay for moving the center. Says Woods: "I gave my blood to the community center."

BEA ROSENTHAL in City Hall reports that a woman, unidentified and rather hysterical, called to complain that houses were appearing, then disappearing from before her home on Roque Moraes Drive. She said at times the houses were filled with children.

Bea replied that this was to be the Community Center and would be used by youths.

The woman declared she loves kids but that the houses must be moved because "they are blocking my view." (During moving, the center portions rested overnight on Roque Moraes.)

THE "TRIAL" going on in Sausalito has been described by Sausalitans as both a "farce" and a "crucifixion without a cross."

There is something compelling about the hearing as one may notice by the filled seats and, before Matts Perry put his foot down, the filled aisles.

Last Tuesday at about 11:30 p.m. Chairman Robert M. Gunn announced that the hearing must end at 11:35 p.m. since the hired reporter taking notes must catch a bus to San Francisco at 11:45 p.m.

However, when someone offered to give Harriet March a ride to San Francisco, she said she could stay longer in this case. But, Wainwright suggested flippantly, "Wouldn't this be a gratuity?"

THERE ARE not only more people in Marin each year, but more pumpkins. **(Editor's Query: More bumpkins, more pumpkins?)**

Kurt Guy at Golden Gate Market in Sausalito said he must have sold about 300 pumpkins this year and he adds "of course there are not too many kids in Sausalito." He said he was sold out on Halloween morn and "business was better than last year."

In Tiburon at the Corner Market George Mantegani said he must have sold 200, but felt that when it comes to pumpkins you really can't keep track. He, too, sold more this year than last and was out before the spooky night.

RON SANDSTROM at Mill Valley's Food Mart said he sold out early and John R. Pepper, general merchandise in Bolinas, said he tried to get pumpkins at the Marin Warehouse but they were out.

"Normally I sell two or three dozen," he said.

Five pumpkins were sold in a couple of hours by Bill's Superette in Stinson Beach, said Gary Upton. "A pumpkin after Oct. 31 is useless, useless," he said.

Upton also reported "the sea was very flat on Halloween day, the surf was down very low and the weather beautiful."

Official Outlay Up Regardless

It is popular to attribute the huge increases in state-local expenditure to (1) the "population explosion" and (2) inflation. But, says Tax Foundation, Inc., the facts indicate much of the rise is due to something else — including the expanded services the state - local governments are providing.

From 1942 to 1961, the nation's population increased by 36 per cent. In the same period, state-local spending rose 138 per cent in dollars of constant purchasing power.

In this period, points out the Foundation, each of the 48 states then in being - including Arkansas which had a 9 per cent population drop —increased its total state-local spending even after adjustment for inflation. Spending in two states increased by over 300 per cent and in a third it was increased almost as much.

The surge showed up particularly in states like Mississippi — where population rose .2 per cent while spending went up 189 per cent; in Maryland, where population rose 60 per cent and spending by 203 per cent.

In New Mexico, population increased by 93 per cent, whereas state - local spending increased by 294 per cent.

Arizona's population increased by 166 per cent in the 1942-61 period, but meanwhile its spending (state-local), increased by 338 per cent.

How Naughty Can Russians Get? Moon Pull-Out Was Real Mean

WASHINGTON — Once again Premier Khrushchev has played a dirty trick on President Kennedy.

By announcing publicly that the Russians do not intend to go to the moon, Khrushchev wittingly or unwittingly pulled the rug out from Mr. Kennedy's space appropriations request, and now our economy-minded Congressmen are asking, "If the Russians aren't going to the moon, why the hell should we?" — or words to that effect.

It was very true that nobody in this country was quite sure why we wanted to go to the moon. The fact that the Russians might get there first was the only reason anyone could think of, and for a while it was a darned good one.

NOW THAT the Russians have bowed out, no one seems to be able to come up with another reason for going, and the Russians have done more damage to the American space program than any Republican on the Hill.

There are three possibilities:

1. **THE RUSSIANS** realized that with the wheat shortage they might be able to get their cosmonauts to the moon, but they couldn't feed them once they got there.

2. If the Russians saw how people on the moon were faring, they would become very dissatisfied with their own standard of living.

3. Life magazine refused to buy the rights to the Russian cosmonauts' stories, so they all decided not to go.

But there is a school in Washington who are very frightened about the Khrushchev move.

THEY ARE WORRYING that he might lull us into a false sense of security. He might figure that, if we decided he wasn't going to the moon, then we wouldn't go to the moon and, once we dismantled our moon rockets, then he'd send a man to the moon and we'd be caught with our gantries down.

What has official Washington worried is that Khrushchev may be playing around with American politics.

If we abandon our moon program because he said he had abandoned his, then he might next announce that he was not going to build any more submarines. This would force us to cut back on submarines.

He might follow this up with an announcement he was abolishing the air force.

HOW CAN we protect ourselves from this nasty bit of strategy? The best way would be to announce, no matter what the Russians have decided, that we are going to the moon anyway.

If Khrushchev thinks we're going to the moon, he won't make an attempt to go to the moon, and then we won't have to go, because, if the Russians don't go, who needs it?

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Defensive Error Assures Contract In Bridge Game

One of your big advantages as declarer is that your opponents cannot see each other's cards.

This prevents them from making a certain kind of good play that would be routine if they had X-ray eyes.

Opening lead — ♠ J

South wins the first trick with the ace of spades and plans to draw trumps and run the diamonds. South goes down if he goes at it hammer and tongs.

LEADS ACE

Suppose South leads out the ace of hearts and then gets to work on the diamonds. East ruffs the third diamond and returns the queen of clubs. Now the defenders get three club tricks, defeating the contract.

"Bad luck!" South exclaims. "I would have made my contract if West had the second trump; or if East had three or more diamonds; or even if East had the ace of clubs."

All very true, and South is entitled to a tear or two of sympathy. Don't sob your heart out for poor South, because he should make the contract despite all the bad breaks.

TRUMP PLAY

The proper way to play the trumps is to lead the suit first from the dummy. After winning the first trick with the ace of spades, South leads a diamond to dummy's ten and returns a low trump from dummy.

If East could see his partner's hand, he would step up with the king of hearts.

Under the actual conditions of play East cannot afford to play his king; West might have the singleton ace, and East would never hear the end of it.

PLAY COMPELLED

East is compelled to play the jack of hearts, and South shrewdly plays low. West must win with the queen of hearts, and South later draws the last trump with his ace.

West thus wins the only trump trick for his side and cannot collect three club tricks.

South has time to discard a club on one of dummy's diamonds, and the contract is therefore unbeatable.

ALMANAC

Today is Monday, Nov. 4, the 308th day of 1963 with 57 to follow.

The moon is approaching its last quarter. The evening stars are Jupiter and Saturn.

On this day in history:

In 1842, Abraham Lincoln married Mary Todd in Springfield, Ill.

In 1918, the Austrian and Hungarian armies accepted World War I truce terms dictated by the Allies.

In 1931, the League of Nations cited Japan for willful aggression in Manchuria.

In 1952, Gen. Dwight D. Eisenhower was elected president, ending 20 years of Democratic administration.

A thought for the day — American author Will Durant said: "The health of nations is more important than the wealth of nations."

MERMAID FROM MASSACHUSETTS

Seven-year-old Julie Arms of 105 Mount Lyell Drive, San Rafael, arrived from Massachusetts only a month ago. She decided the Marin coast was just the place for mermaids. She went looking for one at Tomales Bay State Park, but all she found was seaweed. So Julie, a practical miss, became her own mermaid with seaweed in her hair. "Mermaids must be awful clammy!" she commented after the trial.

Juvenile Center Staff, Operating Plan Is Suggested

Lucas Valley Facility Would House Serious Trouble Cases

A comprehensive and expensive plan for staffing and operating a 30-bed juvenile treatment center to be built by Marin County has been given to the county probation department.

Henry W. Maier and Franz X. Kamps, specialists in juvenile delinquency problems, made a study of the proposed center under a $3,000 grant from the Rosenberg Foundation.

The board of supervisors has already approved funds to build the center in Lucas Valley, but since the type of operation is new, the specialists were called in before the architect had been picked.

The center will be designed for 15 boys and 15 girls who have been brought before the juvenile court but who are not in such serious trouble that they should be turned over to the California Youth Authority.

The consultants made several recommendations on the building of the center, some of which may meet resistance from county officials. For instance, Maier and Kamps said there should be a dining hall in the treatment center. County probation officials have planned on using the dining hall at Juvenile Hall.

The consultants also said the school connected with the treatment center should be a good healthy walk from the living quarters, and that the boys' and girls' wings should be built on different plans to break monotony.

The front line in the treatment process will be filled by residential workers, according to the consultants. Kamps and Maier said starting salaries for these workers, two for boys and two for girls, should be $7,500 a year.

"It will probably be a while before we pay salaries like that," County Probation Officer Walter J. Busher commented.

Also needed, they say, will be two unit supervisors at $9,000 a year and a clinical director at $12,000. The consultants claim these salaries will be necessary to attract the quality workers needed to make the center a success.

Under the suggested plan, each side of the center, boys' and girls', would be divided into two sections of seven or eight "clients" each, with separate bedrooms and a common living area, possibly with a fireplace.

Another room in each unit for quiet activities, including study, should be available, and each side should have a kitchenette for making snacks between meals.

The school should have at least three teachers, one for every 10 students, the consultants urged because teen-agers in trouble with the law have notorious records as problems in school and, therefore, will need close supervision.

The consultants also recommended that Lucas Valley itself be spared from possible county plans to put other treatment, medical or correctional facilities nearby. They say success may depend on having a normal community close by.

"We trust that Lucas Valley will not become Marin County's Treatment Valley," they said.

The treatment center will be used for research and training of other workers. Therefore such devices as one-way mirrors in some consultation rooms were recommended.

Meter Fines Protest Seen In Mill Valley

Mill Valley merchants and non-merchants are expected to protest the proposed raising of parking meter fines from $1 to $2 at the 8 o'clock meeting of the city council today, according to Granville L. Beedle, secretary-manager of the Chamber of commerce.

The hike, if approved, would put more money into the general fund but some merchants believe it will cause customers to leave Mill Valley for the larger outlying shopping centers. A similar raise is being considered in Sausalito.

Also on the agenda are City Atty. Leland H. Jordan's report on the legality of the Old Mill park site for the library, the appointments to a selection committee for a new park superintendent, and the fifth meeting of the Mill Valley retirement board.

Teachers Commended For Reserve Work

College of Marin chemistry instructor Paul C. Llewellyn, of 20 Bretano Way, Greenbrae, has received a letter of appreciation from the chief of naval personnel, Navy Department, for organizing an emergency Naval Reserve training school at Treasure Island last summer for 2,500 recruits.

Llewellyn, a reserve commander, was asked to set up and command the training school when an epidemic closed the regular recruit school at San Diego.

Home On Leave

Randall A. Graham, son of Mr. and Mrs. George W. Graham of 631 Galerita Way, San Rafael, and Michael P. Riley, son of Mr. and Mrs. Roy A. Riley of 20 Mira Mar, San Rafael, are home on leave from the Navy for a few days.

Terra Linda Owners Put Off Draper Talks

Terra Linda Valley Property Owners Assn. has put off a planned meeting with Draper Companies executives on a proposed 1,200-unit apartment development above the Northgate Shopping Center.

Members of the association may not even want to discuss the development with Draper until the Nov. 12 meeting of the San Rafael Planning Commission, association president Robert F. Loberg said today.

Homeowners had planned committee meetings yesterday and Saturday to talk about "pros and cons of the development." A. G. (Tim) Michaud, vice president of Draper Companies, wrote the association last week suggesting that his representatives meet with the committees.

"We didn't get his letter until Friday," Loberg said, "and we didn't have time to plan anything. Our board of directors will meet tonight, and we'll decide then whether we want to talk to Draper."

Regardless of any meetings with the developer, the association will "have quite a surprise" for the planning commission meeting, Loberg said. "We have a very good case," he declared.

The commission will hold a second hearing on the proposed apartment project Nov. 12 at 7:30 p.m. in San Rafael City Hall.

Israel Break With South Africa Lashed As Opportunistic Policy

By LEO HEIMAN
Worldwide Press Service

TEL-AVIV — Newspapers here have been publishing irate editorials and letters from irate readers, following Israel's decision to sever diplomatic, trade and fultural links with South Africa because of that government's policy of apartheid.

Prominent politicians, including members of the foreign affairs committee of Israel's parliament, have also been getting protests in their mail.

Those who oppose what critics call the Israeli government's "opportunistic" policy toward a staunch friend, recall that South Africa helped the Jewish state in its 1948 War of Independence by sending money, volunteers, aircraft, armored cars and other weapons.

They say that if the Israeli government is so concerned about Negro rights in South Africa, why doesn't it also sever relations with Soviet Russia which discriminates against Jews.

They ask: Why doesn't Israel take similar action to protest the massacres of Kurds in Iraq and openly tolerated slavery in some East African countries; why is Israel friendly with countries which collect revenue from slavery and state-owned brothels; why does Israel court dictatorial police states which deny basic human rights to the majority of their citizens?

They also ask whether the government has simply "written off" the many Jews in South Africa, which last year contributed to Israel more than 12 million dollars in grants, gifts and transfers.

Foreign ministry officials have stressed that Israel's own political and economic interests demand alignment with the Afro-Asian bloc which is conducting a worldwide campaign to totally ostracize South Africa.

When Israel decided to accede to African demands that all nations friendly to them sever relations with South Africa, Israel envisaged a "mass evacuation" of thousands of Jews in South Africa to Israel. But for many reasons, most of them economic, the South African Jews have been unwilling to pack up and leave.

Israeli diplomats concede privately that a tough stand against South Africa was the condition set by the Afro-Asian bloc for denying its support to the Arabs when the latter pressed for an anti-Israeli line at recent summit meetings.

"We really had no choice in this matter," says a top Israeli politician. "It was either crack down on South Africa's apartheid or be denounced as a tool of Western imperialism."

Marin Rally Whips Napa

Trailing 13-0 at the end of the first quarter, the College of Marin Tars suddenly exploded for five touchdowns in the next three periods to blast Napa College 30-19 in a Golden Valley Conference game in Napa Saturday night.

The Tars didn't look good in that opening quarter but made up for it in those next three periods. The Mariners were called for offensive offsides penalties five times in the first half.

The victory was the Tars' sixth straight this year. They take on Shasta next Friday and then wind up the season against rugged Santa Rosa on Nov. 15. Both are home games for the Mariners.

Martin Baccaglio, the Tar left end, scored the first Marin touchdown on a five-yard pass from quarterback Bob Sparrow. Later in that second quarter, Sparrow scored a TD himself on one-yard quarterback sneak.

Then on the first play of the second half, Ray Miller, Tar fullback, dashed 32 yards for a six-pointer to put the Mariners in front for the first time in the game. Halfback Rich Bottini added another touchdown for the Tars in the third stanza on a one-yard plunge.

GAME ON ICE

The Sparrow to Baccaglio pass combination paid off again in the final quarter to the tune of 34 yards and another College of Marin touchdown. That put the game on ice.

Sparrow had a wonderful night, completing 12 passes in 15 attempts for 122 yards. Most of the ground game was provided by Miller who picked up 170 yards in 23 carries for a 7.4 avearge. In all, the Mariners outrushed the Chiefs of Napa 271 to 63, and passed for 122 yards to 145 for Napa.

Dick Read, head grid coach for the Mariners, praised the entire squad for putting out such a "team effort" after the Tar's recent bad break of losing 10 gridders because of poor grades.

KEY INTERCEPTIONS

Defensive backs Alan Finley, Don Stone and King Chapin picked off key interceptions to bolster the defensive game. Praised for their work were defensive linemen Ron Foster, Marty Vincent, Lyle Baucom, Al Nelson and Dale Thompson and linebackers Don Burrows, Bill McIntyre, Bob Hermsmeyer and Jim Morena who rotated at the linebacking posts.

Receving praise on offense were ends Frank Shippey and Randy Peterini, tackles John Storrs and Ron Grayson and guards Louis Pharms and Morena. Singled out for an outstanding performance was Dennis Nickel who played offensive tackle and center and defensive tackle. Rich Congdon, a center, also was praised by read.

What If The Lions Had Been Healthy?

If the Lions hadda been healthy the 49ers mighta been dead.

As it was, with many of their key players crippled, the Detroit club severely mangled the San Francisco outfit 45-7 in their National Football League engagement yesterday.

Doing much of the wounding was a fellow the 49ers drafted No. 1, back in 1956, but kept only one year — quarterback Earl Morrall who threw four touchdown passes, three of them to flanker Terry Barr.

The loss put the 49er season mark at 1-7 with Dallas invading Kezar Stadium on Sunday. The Lions left San Francisco with a 4-4 mark.

In fairness, the 49ers also have had a host of injuries and the game was close for one half. San Francisco scored first on a 19-yard pass from Lamar McHan to Bernie Casey.

Milt Plum booted a 20-yard field goal for the Lions, who trailed 3-7 until just two minutes remained before intermission. Then Morrall hit Barr with a 10-yard pass as the flanker fooled defender Kermit Alexander on one of many occasions.

In the second half:

Morrall passed 10 yards to Tom Watkins for a touchdown, 21 to Barr and six to Barr for two more six pointers. Then Watkins ran five to score and Nick Ryder smashed two for the finale. Plum added all the conversions.

Morrall completed 24 of 33 passes for 330 yards. All told the Lions gained 509 yards net, the most for a game since they had 515 against the 49ers back in 1957.

San Francisco gained 67 on the ground and 66 through the air—a paltry total 133.

Barr caught 10 passes for 135 yards as he gave Alexander his worst football afternoon. The rookie who was the number one draft choice last fall made no excuses.

San Francisco Coach Jack Christianson, himself a great defensive halfback for Detroit in years gone by, commented, "Barr is always a tough man to cover. Alexander seemed to be losing the ball.

"Our big breakdown was in pass defense—no only in not covering the receivers, but also in not rushing the passer hard enough."

COACH COLLEGE ROUNDUP

Huskies 'Cinch' Rose Bowl; Cal Wins, Stanford Loses

By ASSOCIATED PRESS

Decisive victor over Southern California in a 22-7 upset, Washington is favored to sweep three remaining Big Six Conference games and earn a New Year's Day date in the Rose Bowl.

Washington's Big Six foe Saturday, led by Craig Morton to a surprising 25-0 triumph last Saturday over UCLA in the Los Angeles Coliseum.

The Huskies finish their season against UCLA and Washington State on successive Saturdays and a stumble by Coach Jim Owen's team would be highly unexpected.

Southern California will try to stay in the Rose Bawl Saturday when it meets Stanford, already beaten by Washington and UCLA and vanquished 10-7 Saturday by Oregon State in non-league play.

San Jose State upset injury-weakened Oregon 13-7 at Eugene on a 97-yard punt runback by Jerry Collette and a 76-yard touchdown sprint by Dennis Parker with a stolen pass.

Washington State beat Idaho 14-10 on sophomore Bill Gaskin's 92-yard kickoff runback in the fourth quarter. University of the Pacific suffered its sixth straight setback in a 24-6 loss to the unbeaten San Diego Marines.

BEARS WIN

The California Bears crammed a field goal, a safety and two touchdowns into their fourth quarter scoring in beating UCLA for the first time since 1958.

A 70-yard scoring play on Morton's toss to Dick Williams was the game's most spectacular. It came in the final quarter when the Bears led 10-0 on Rudy Carvajal's 27-yard TD run and Tom Blanchfield's 27-yard field goal.

The Stanford Indians, who had downed Notre Dame 24-14 with a solidly played game a week earlier, suffered a grievous form reversal against Oregon State.

Three second half drives were stopped by fumbles and one by a pass interception.

The Beavers built a 10-7 half time lead on Steve Clark's 21-yard field goal and Gordon Queen's two-yard touchdown pass.

Craig Ritchie ran back a punt 66 yards for Stanford's only score.

Outlaws—By Local Option

It is often said, travel is broadening. It can also get you into a peck of trouble unless, of course, you are academic enough to spend a few years of research in the safety of your home before you venture forth. How else can you prepare yourself for the thousands of laws, ordinances, and regulations you are bound to break in any city or hamlet in this great country of ours.

There's no need to travel beyond our own wonderful Marin County to find examples of this peculiar phenomenon. Until just recently a guy so inclined could lose his shirt in a card game in one Marin town, while his brother in another town would wind up telling it to the judge for doing exactly the same thing. You can park your new Ford (there is no other make) on a street in one city at will, and get ticketed for parking it in another even after feeding the hungry meter.

I grew up—yes, I did—in Highland Park, Michigan, a little city completely surrounded by Detroit. The city fathers, driven by noble purpose, exercised the privilege of local option and prevailed upon the citizenry to keep hard liquor bistros out of the city after the enactment of Repeal. Beer and wine were approved, presumably on the notion the imbiber would get full before he got drunk. Spirits were doled out much like prescriptions only at State liquor stores and designated drug stores.

The naivete of that august governing body was soon apparent, as Woodrow Wilson, an otherwise inconspicuous street in Detroit, running parallel to the Highland Park city limits a scant few yards away, spewed forth literally dozens of bars, beer gardens, bistros, and honky-tonks, all doing a turn-away business every night. And every night the drunks staggered home to their beds in Highland Park when they found them, or drove pell-mell through our streets. So much so, in fact, that this rather infamous stretch of city street was mentioned by Ripley as the greatest purveyor of hard liquor in the entire world.

Still, the privilege of local option is guarded with tenacity by people and city fathers the country over. States' rights are inalienable and should not be disturbed. Any attempt to effect a rational conformity to the thousands of laws, to create as a semblance of uniformity to the jumbled mess, is met with cries of "federalism" and worse.

We can do nothing else but travel in confusion, being cautious not to break a law inadvertently. Only the indulgence of most lawmen upon stopping a violator with out-of-state license plates keeps most of us out of jail. The speed traps deliberately planted in some thankfully isolated and unenlightened backwoods areas are painful examples of the possible extent of our danger.

Doug Cowan and I have assumed the local option of operating Ames Ford Sales in an agressive and legitimate manner. We deplore, but can't help other communities where "suede-shoe" operators are tolerated.

Redwood Scores 13-6 Win Over Terra Linda

By MAURICE WEINGER

Fullback Paul Ackerman, who almost gained more yards rushing than the entire Terra Linda team, led the Redwood Giants to a 13-6 victory over the Trojans last Saturday at San Rafael.

Ackerman's great running enabled the defending champion Giants to remain one game back of Drake with a 3-1 mark in the Marin County Athletic League while the loss to Terra Linda, its second in five games, dropped the Trojans from the championship race.

The 185 pound Ackerman, who must rank as one of the finest short yardage runners in the five-year history of the league, carried the ball 29 times for 120 yards and never once was stopped for a loss.

Coach Bob Troppman's team had Ackerman running two or three straight times and then would either spread the Trojan defense with end runs by Dave Cox or Guy Modica or would let junior quarterback Ed Hutchinson throw.

FIRST SCORE

Redwood's first score came on the first play of the second quarter after a drive of 30 yards on seven plays. Terra Linda had been forced back to its own seven and John Clifford's punt landed on the T.L. 30. Modica, a fleet, jumping runner, ran for nine and Ackerman found a hole at right guard for 10 and a first down on the 11. Again Ackerman took the ball for three, followed by Modica over the right side for another four. Ackerman got the call the next two times, going first for three and then for the first six points of the game.

SCORE TIED

Terra Linda tied the score after Stan Pareto intercepted Hutchinson's pass on the Giant 30. A penalty of 15 yards moved the ball back, but Taylor's first pass was called against Redwood for pass interference and a first down on the 25.

Again Taylor went to the air, hitting Tim Garvin on the right side and the back went in for the equalizer.

Dave Cox exploded for the tie breaker on the first play of the fourth quarter. Taylor's quick kick from his own 10 put the ball on the Trojan 43 where Ackerman went right, left and down the middle for gains of three, four and five yards.

Cox's run from the 31 was over right tackle and a block by Steve Minutoli on the 15 left him free for the winning score . Ackerman added the seventh point on a run, as usual.

Redwood's JV easily defeated T.L. 33-13 and the Giant freshman team went into undisputed first place in its league by downing Tamalpais 33-21.

Record Punt Return Wins For Raiders

An American Football League record punt return of 85 yards to a touchdown by Claude Gibson in the fourth quarter gave the Oakland Raiders a 10-7 victory over the Kansas City Chiefs yesterday at Oakland.

And Gibson's run wasn't the only record; the 18,919 fans who jammed Frank Youell Field also established an attendance record for the Oakland club.

In scoring their third straight victory to put their record at 5-4, the Raiders had to come from behind on Gibson's dazzling run. The Chiefs, defending champions held a 7-3 lead on Abner Hayes' one-yard scoring plunge just before the half.

It wiped out a 3-0 Raider lead established in the second period on a 10-yard field goal by Mike Mercer.

Oakland meets the Chiefs again Friday night in Kansas City.

Builders Win Forfeit From Concord Team

The Billings-Hutchison Builders of Marin won by forfeit over the Concord Rebels yesterday after the home Concord team couldn't field a complete squad.

Middle linebacker Sam Huff is preparing for his eighth season with the New York Giants. He has never missed a minute of defensive play for the Giants.

Fairfax Baseballers Lose Practice Tilt

DeMaestri's Fairfax Garage baseballers couldn't withstand a Misrack Sport Shop four-run first inning and fell, 5-2, in a practice game yesterday at San Anselmo's Memorial Park.

The Fairfax nine outhit Misrack 12-7. Lon Gallagher with four singles in five trips and Mike Telegin with three for five led the garagemen.

Southern Conference championships in baseball, basketball and cross-country were won by West Virginia teams in the last year.

Cards Obtain Roger Craig

NEW YORK (AP) — The New York Mets traded veteran pitcher Roger Craig to the St. Louis Cardinals for outfielder George Altman and minor league pitcher Bill Wakefield today.

Craig, the hard luck pitcher of the last-place team in the National League, won five and lost 22 games last season but had an earned average of 3.78.

Altman hit .274 in 135 games for the Cards last season.

Wakefield, a 22-year-old righthander who attends Stanford University, was 3-7 with Tulsa in the Texas League and 1-3 with Atlanta in the International League in the past season. He was signed for bonus by the Cardinals.

Real Marin Soccermen Win Practice Game

The Real Marin soccer team nipped the Internationals of San Francisco 6-5 yesterday in a practice game at San Rafael High School.

Fred Thurman and Larry Frigallana each scored two goals for the Marin team, and Bart Petersen and Hans Martinussen each scored one.

Drake Clinches Tie For MAL Grid Title

By RALPH CHATOIAN

It was all sunlight over Drake High today as the Pirates football team has won the school its first grid championship in its 12 years of existence.

The Pirates downed Novato High School 13-6 Saturday, the team's fifth Marin Athletic League victory without defeat, to cinch at least a tie for the championship flag.

Drake is the only team in the loop that does not have a loss. Its nearest rivals, Redwood and San Rafael, both have 3-1 records. After drawing a bye next week, the Pirates will take on San Rafael Nov. 15 in their last game of the season. A win for the San Anselmo 11 will give them sole possession of the flag with a 6-0 mark.

The school has not won a grid championship in either the North Bay League or the MAL since Drake's birth in 1951. But this year things are different. Besides the five league wins, the Pirates have three practice game triumphs for a tring of eight without a defeat.

Saturday Drake scored touchdowns in the first and second quarters and then dug in to protect the lead with a brilliant show of defense.

DeMASI STARS

It was a big day for fullback Joe DeMasi who scored all 13 of Drake's points on two touchdowns and an extra point. While the Hornets of Novato were holding Pirate star Dean Lazzarini to a 2.5 average, DeMasi showed there is more than one runner on the team as he picked up 118 yards in 18 carries.

Defensive star for the Pirates was Kent Chubb, a linebacker who was all over the field making tackles.

DeMasi's first touchdown was on a quick opener up the middle from the Novato 42-yard line. He bounced off two would-be tacklers after crashing through a hole through center and rambled all the way for a 42-yard touchdown gallop.

Terry Tadlock tried to add an extra point, but his kick was blocked by Novato's Bob Renati. The score came with only 1:33 gone in the game.

LONG DRIVE

DeMasi scored his second TD late in the second quarter after a long Pirate drive. The six-point march started from the Pirates' own six-yard line. The 94-yard drive took 17 plays, two Novato penalties and most of the time of the second quarter. When DeMasi bulled over from the three, there were only 43 seconds remaining in the first half.

On the try for point, Tadlock faked a kick and tried a pass which fell incomplete, but the Pirates got another chance because of an offsides penalty on Novato. With the ball moved to the one and one-half line, it was easy for the hard-running DeMasi to bowl through the line for the PAT. That gave the Pirates a 13-0 lead at halftime.

Novato scored its lone six-pointer in the third quarter. Drake was forced to punt from its own 12-yard line, but Larry Stein's boot was partially blocked by Novato's Tom Miller, the Hornets taking possession on the Pirates' 25-yard stripe.

It took eight rushing plays and a Drake penalty to get the ball to the one-yard line before John Miller crashed through left guard for the tally. Ken Marder tried to run the ball over for the conversion but was stopped short.

RUGGED DEFENSE

Drake's offense gained 200 yards on the ground and 32 in the air while the rugged defense held Novato to a total of 66 yards. The Pirates picked up 14 first downs to only 4 for the Hornets.

Bob Franceschini, head coach for the Pirates, singled out Chubb and tackle Tom Atnip for their defensive play and DeMasi for making the vital first downs on the offensive side of the game.

Franceschini indicated he will not be satisfied with only a share of the championship banner. "We want the whole championship and the kids will work really hard for it," he declared.

He complimented the play of the Novato team for a hard game, but had most of his praise for his team's defense. He pointed to the 58 yards gained on the ground by Novato and said, "You can't ask for any more than that from a defense."

U.S. Sweeps Davis Cup

BOMBAY, India (AP)—Wimbledon champion Chuck McKinley scored a 10-8, 6-8, 6-2, 1-6, 6-0 victory over India's Ramanthan Krishnan today to give the United States a 5-0 sweep in the inter-zone Davis Cup tennis finals.

In the other singles match, Martin Riessen of Evanston, Ill., subbing for Dennis Ralston, won over Premjit Lall 6-3, 2-6, 6-0, 6-1.

Ralston, who teamed with McKinley in clinching the series on Sunday, turned up with a blistered racket hand.

The final match had to be continued beyond the scheduled quitting time before McKinley could wear down Krishnan.

The U.S. team sewed up the inter-zone final against India Sunday when McKinley and Ralston, a pair of collegians, beat Premjit Lall and Jaidip Mukerjea in doubles 6-8, 6-3, 12-10, 6-4.

McKinley previously had beaten Lall and Ralston had won over India's No. 1 ace, Krishnan, in the opening singles Saturday.

The Americans took off immediately afterward for Australia where they will meet the cup-holding Australians in the Challenge Round at Adelaide Dec. 26-28. They'll probably play in a couple of preliminary tournaments.

Mrs. Prydz Wins At Mill Valley

Mrs. George Prydz won the club trophy playoff, with a 72-12—60, Friday at the Mill Valley Womens Golf Club.

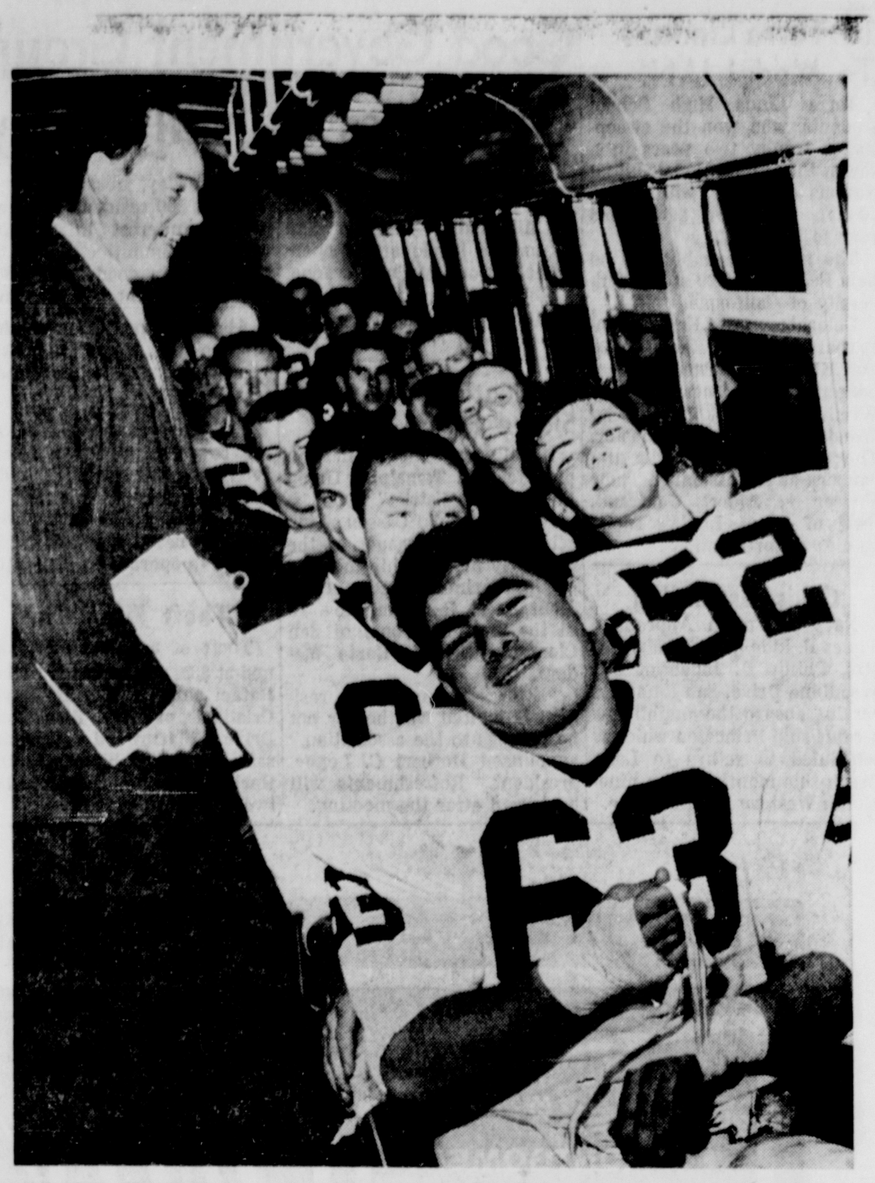
Winners were:

Class A—Mrs. Clay Lilleston, 82-20—62; Mrs. Bill M. Brown, 84-21 63; Mrs. William May, 77-11—66.

Class B—Mrs. Fred Greenland, 86-23—63; Mrs. John Hurley, 87-22 —65; Mrs. Charles Gondak, 91-23 —68.

Class C—Mrs. Gordon Baker, 98-31—67; Mrs. Bruno Maraccini, 104-32—72; Mrs. Hugh Canalli, 97-25—72.

The oldest league in the American Bowling Congress is the New York Bankers League of New York City. It is 73 years old.



HAPPY BUSLOAD — Drake High School head football coach Bob Franceschini and the Pirate team are all smiles on the bus after their 13-6 victory over Novato Saturday afternoon. The victory was the fifth straight in Marin Athletic League action for the Pirates and cinched at least a tie for the championship, the first grid title for Drake since it was built in 1951.

BIRDIE ON 18TH

Geiberger Barely Wins At Almaden

SAN JOSE (AP)—"Every time you hear a rumor on a golf course, forget it," advises Al Geiberger.

While his own game slumped during the final round of the $25,000 Almaden Open, rumors flew around Al's ears how his four-stroke lead had disintegrated. He double-bogied the 14th hole and bogied the 17th.

"I thought I'd blown the whole thing," Geiberger said.

But coming from the final fairway the former University of Southern California star got the right word. He needed a birdie to win.

"I sure don't know how I got it," Geiberger recalled. But he planted a No. 4 iron shot four feet from the pin. After long deliberation he holed the birdie putt and beat amateur Dick Lotz and veteran Dutch Harrison by a stroke and won $3,500.

Geiberger managed only a 37-37-74 on his final round over the 7,045-yard, par 36-36-72 Almaden Golf and Country Club course.

Lotz and Harrison, meanwhile, fired 69s after starting the day six strokes off the pace. Jay Hebert, four back when the round began, challenged Geiberger early in the day but wound up at 72 and 279. While Geiberger fretted over his final putt, Harrison dropped a six-foot birdie effort that caught Lotz.

Geiberger, who had carded 69-67-67 the first three days, three-putted twice for bigies on the front nine.

At the 14th, his second shot lodged under the lip of a trap and at 17 he three-putted from two feet when his first slid two feet past the cup.

But his Almaden charm came through on 18 and he saved the necessity of playoff. Geiberger collected his first professional check at Almaden four years ago and he won the tournament in a breeze last year when it was an unofficial event.

Four Animals Take Cat Show Honors

Four cats, including a repeat winner from 1961, took the top honors yesterday and Saturday at the Marin County Cat Fanciers' 12th annual show at Marin County Armory at the Civic Center.

Las Lomas Julio of Walnut Hill, a longhaired shaded silver male, repeated his triumph of two years ago by winning best cat in show award in the Marin Fanciers' all-breed competition. He is owned by Mrs. Doris Weston of Pleasant Hill, and was given his top prize by judge Mrs. Kay McQuillen of Mansfield, Ohio.

Best cat in the Cat Fanciers' Assn. national all-breed was Bograe's Darra of RLE, female blue point Siamese owned by Mr. and Mrs. William Quiner of Hayward and Mrs. Grace Forrest of Sacramento.

Longhair specialty top winner was Mrs. Weston's Walnut Hill Rondo, a chinchilla male. RLE's Tiro, a blue point Siamese male, was best cat in the shorthair specialty. He is owned by Mr. and Mrs. Vincent Chavez of Fresno.

In a specialty feature event of the show, a cream tabby shorthair and a female calico were crowned king and queen of the cats during the household pet competition under Mrs. McQuillen. They are Mac Tavish, owned by Natalie Higgins of San Jose, the king, and Captain's Daffy Mate, owned by Capt. and Mrs. M. N. Engs of Fairfax, the queen.

They were officially given their cat-size crowns by Frederic D. Kerr, president of the Marin County Humane Society. Proceeds from the show go to the society.

Other top winners were, as follows, listed by breed and type of cat, owner and owner's residence:

MARIN CAT FANCIERS' ALL-BREED

Best cat in show, opposite sex—Walnut Hill Delight, shaded silver female longhair, Mrs. Weston and Joann Campbell.

Second best cat in show — Zoda Gold Dust of Rodabi, cream male longhair, Barbara Naviaux, Concord.

CAT FANCIERS' ASSN. NATIONAL ALL-BREED

Best cat in show, opposite sex—Pahlavan Prince Ahmed, copper-eyed white male longhair, Mrs. Linda Munfrey, Sacramento.

Second best cat in show — Dyl's Noel of Pahlavan, copper-eyed white female longhair, Mrs. Munfrey.

SHORTHAIR SPECIALTY

Best cat in show, opposite sex—Cher-Lan's Tiffany, Abyssinian female, Mr. and Mrs. William Quiner, Hayward.

Second best cat in show — Elo-Yse's Hi-Hoss, chocolate point Siamese male, Mr. and Mrs. Frank Magnan, Richmond.

LONGHAIR SPECIALTY

Best cat in show, opposite sex—Walnut Hill Genii, chinchilla female, Mrs. Weston.

Second best cat in show — Las Lomas Julio of Walnut Hill.

Club Files Papers For Incorporation

Incorporation papers for the Atherton Club, a non-profit organization to be established in Marin, have been filed with Secretary of State Frank M. Jordan in Sacramento.

San Francisco attorney Howard Coit Ellis, one of the club's directors, said the "social and recreational" group will be located on Atherton Avenue in Novato. A detailed announcement of the club's plans will be made later, he said.

Good Government Group Organizes In Mill Valley

A Citizens for Good Government Committee was organized in Mill Valley Saturday and committee headquarters opened at 25 Corte Madera Avenue.

Robert R. Laughead, Robert D. Huber and William Hamilton were named co-chairmen, and Paul Crowley, treasurer.

About 500 residents have expressed interest in working with the committee, which "is interested in good representative government," Huber said.

About 25 persons attended the meeting. Lee Collier was placed in charge of headquarters.

The new committee is an outgrowth of an earlier citizens group formed during the debate over resignation of City Mgr. A. E. Almcrants. Huber said the new committee is designed to operate permanently.

Two Women Voters Chapters Back 'Proper' Unification

School districts, when "properly unified," can be effective units to "combat the tendency toward ever-increasing controls at state and county levels," according to the League of Women Voters in Marin.

In a statement of the Southern Marin and Central Marin League chapters, the league reports its study of school district organization, begun in 1960, has shown these common problems among districts: duplication of effort, outdated district boundaries, inadequate coordination of curriculum and increasing financial pressures.

"Local control is an American tradition which the league affirms," the statement says, but "facts show that to be worthwhile, reorganization should result in unified districts with sufficient pupils and financial resources to provide services and facilities the residents desire without excessive tax effort . . . This is the time for a superior plan to be presented to the voters."

Public hearings on the proposed unification of Tamalpais High School District are now being held.

Tam Hearing On Again Tonight

The augmented Marin County Committee on School District Organization will resume its series of hearings on unification of Tamalpais High School District with 11 elementary school districts tonight.

The fifth in the series of 11 hearings will be held at 8 p.m. at Ross School.

Tomorrow at the same time, the committee will hold a hearing at Bel Aire School in the Reed district. Wednesday at 7:30 p.m., a hearing will be held at Henry C. Hall School in the Larkspur district.

For The Best Interests Of Learning

Dean Dorothy E. Wells finds the putting green at the Madera Valley apartments in Corte Madera, where she lives, helpful in keeping her score low in golf. This is her favorite leisure time activity in the hours she can spare from her work as an associate dean of students at San Franciesco State College. Watching her mistress sink a put in the cup is Miss Wells's pet boxer "Penny," who has her own swinging door entrance to the apartment. (Independent-Journal photo)

Another in a series of Marin's working women.

By MAYBELLE SPECKMANN

Dorothy E. Wells of Corte Madera, who has been one of the three associate deans of students at San Francisco State College since 1951, is one of those fortunate people who have never had any doubts about what they wanted to do.

For her this was administrative work in education. She first taught physical education for girls at Hoover High School in Glendale, and it was from working with the girls and their problems that she develpoled certain theories about faculty-student relationships.

"I HAD strong convictions," she said, "about administration in education that there were ways for administrators, faculties and students to work together in the best interests of learning, rather than in an autocratic, dictorial dichotomy."

As a result she is particularly interested in the counseling, student activities and student government aspects of student personnel administration.

In the more usual type of administrative organization in higher education she might have been a dean of women, but her position at San Francisco State is a much broader one that involves dealing with all students.

This is in accordance with a growing tendency away from emphasis on sex differences both in the hiring of faculty and organization of students.

"WE DO not even have Associated Women Students," said Dean Wells. "Women participate and hold offices just as the men do in student government. And there is a trend away from sororities."

She herself and her position could well be pointed to with pride by President Kennedy's Commission on the Status of Women.

Qualifications only determined her position as head of counseling with four men holding doctorate degrees working on her staff. These are the coordinator of the counseling center, the coordinator of the testing program, the coordinator of academic advising and the adviser to overseas students.

"IT DOESN'T make any difference whether the person you hire as a dean is a man or woman," she maintained. "What does make a difference is whether he or she is the best person you can find.

"Women are in more administrative positions now, but I think what is most important if they want to be in increasingly more of them is that they are able to work comfortably, happily and effectively with both sexes and all ages. We must have a change in attitudes both on the part of men and of women about their appropriate places and what is suitable for each to do."

Born in Saginaw, Mich., into a family that included teachers and ministers, Dorothy Wells lived in Downer's Grove, Ill., until the family came to California. She was graduated from Berkeley High School and the University of California with an A.B. degree and major in physical education, which was followed by a fifth year of graduate work to obtain secondary teaching credentials.

DURING SOME 12 years of teaching in Glendale she obtained enough graduate credits from U.C.L.A. and the University at Berkeley to become a vice principal in high school.

"But," she laughed, "nice principals are the healthiest people in the world."

When World War II started, she enrolled at the WAVES and served three years as a lieutenant in communications, stationed on Treasure Island. At the end of the war under the G.I. bill she entered Columbia University in New York and received her master's and doctorate degrees in student personnel administration. When she was writing her thesis basde on a study of how the classroom climate affects the relationships between the instructor and the class, she served two years at the City College of New York as assistant dean in the student activities program.

She then came directly to San Francisco State College.

Among her extracurricular activities are serving as an associate judge on the judicial court of the Associated Students and as chairman of the personnel committee for the Westminster Foundation of the Northern Coastal Area. This is an organization within the Presbyterian Church which deals with religious organizations on various university and college campuses.

STARTING AS chairman of the physical education and health committee of the San Francisco YWCA five years ago Miss Wells has been on the board of directors ever since and is now its vice president and chairman of the personnel committee.

She is also a member of the San Francisco chapter of the American Association of University Women and of four professional organizations.

Golf, her per 11-year-old Boxer "Penny" and listening to classical and light opera records are among her leisure interests.

In commenting on some of the interesting current situations in her work, Miss Wells said they are lucky at San Francisco State that they do not have a lot of discipline problems. She credits the counseling rather than the punitive approach.

"GIRLS WITH sexual problems go to the counseling center or to the doctor," she said. "They regard them as medical rather than moral problems, although they are concerned with the moral aspects.

"As for dropouts, the number one reason is finances," she said. "Whey they flunk out, students know that disqualification is final unless they attend summer session or the San Francisco State College extension division before applying for reinstatement.

"ONE THING that is happening with the population explosion," she went on, "is that it is becoming increasingly difficult to get in and stay in a college. You find young people working a little harder, and they are really interested in international and political affairs and culture.

"There are still more men graduating because women are getting married younger," said Dean Wells.

"There is an effort on the part of educators to get only a liberal arts education for women but somehow to make them employable through taking work for a year or two that will enable them to have something to fall back on when they are through rearing children.

"MANY OF them are doing this," she commented. "The average age of 24 of students at San Francisco State reflects this going back to school."

Dorothy Wells, right, is shown in one of the conferences she has with Kaye Hunt, director of the Marin YWCA. Starting as chairman of the physical education and health committee of the San Francisco YWCA five years ago, she has been on the board of directors ever since and is now vice president of the board and chairman of the personnel committee.

Mr. Kirchanski will speak on the purpose of the 3R Schools and on the teaching methods used in a classical education for students from kindergarten through high school.

Greeting members at the door will be Mesdames Broderick and Kirk and Mesdames Robert A. Keller, president of Delta Delta Delta Alumnae, and Tore Noren, past president of Alpha Phi Alumnae.

Mrs. Bryan McCarthy, Alpha Phi vice president, will preside at the dessert and coffee table. Hostesses for the evening will be Mesdames Erich Kruger, Alan Dunham and Hugh A. Drown. Mrs. Thomas Ainsley, social chairman, heads the hostess committee.

All alumnae members of Alpha Phi and Tri-Delta in Marin County are invited to attend.

Marin YWCA To Join In World Fellowship Week

Marin YWCA will join with more than two million U.S. members and with YWCA's in 71 other countries in celebrating World Fellowship Week, Nov. 10-16.

A major event for all Y members will be their annual World Fellowship luncheon and members' meeting on Nov. 12 at noon in Simpson's Restaurant, 926 Clement St., San Francisco.

Presiding will be Mrs. Arthur D. Hemphill, president of the San Francisco YWCA, of which the Marin County unit is a part. Main speaker will be Yvonne Cassell, a YW member from Liberia, Africa.

Exotic gifts for Christmas giving will be featured at an International Bazaar, Nov. 16 from 12 noon to 5 p.m. at the 1830 Sutter St. YW Center in San Francisco.

Bazaar proceeds will benefit the World Fellowship Fund, through which the YWCA provides leadership training, programs for youth, and many other services for YWCAs in many lands, including Latin America, Asia, Europe, and the Middle East.

Theme of World Fellowship Week this year is "Behold the Man." Observances commemorate the role of the YWCA in building peace and good will.

'BODY CONSCIOUS'

The Fashion Silhouette Is No Longer On The Loose

By GAY PAULEY
UPI Women's Editor

NEW YORK (UPI)—The fashion silhouette no longer is on the loose. It's returning to fit for spring and summer.

Larry Aldrich, a New York manufacturer and president of the garment industry's couture group, speaks of women's clothes for next season as "body conscious," of "more defined shaping to the figure."

Yet it was Aldrich who was one of the first promoters of the loose fitting chemise and its variations which have held sway the last six years. The "marked change" in silhouette of which Aldrich spoke shows in, but does not dominate, most of the collections which New York manufacturers are unveiling through mid-November for the nation's store buyers. The clothes will be arriving in the stores after the first of the year.

ONE OF the easiest ways designers shape clothes to the body is through bias cut of fabric to give greater cling.

Aldrich, showing a clingy black crepe cocktail dress, recalled that it was in the manner of Vionnet, the great couturier of Paris whose trademark in the '20's was the bias.

"Matter of fact," he said, "I was making a similar dress when I started business in 1927."

Most of the suits from manufacturer Harry Frechtel were fitted. Aldrich showed suits with jackets buttoned in closely at the waist, fitted gently over the hipbone. The princess, in dresses, coats and suits, is around abundantly in the collections.

Herbert Sondheim's collection featured a pencil slim silhouette, with natural shoulders, designed to emphasize the figure. At Luis Estevez, the accent was on cling and on plunging necklines. One long skinny formal in black crepe came with a U-shaped neckline cut nearly to the waist at the back.

SOME OF the Estevez waistlines plunged just as daringly at the front. In one instance, when the model came out with a dress whose neckline went to the waist, Estevez remarked, "If you have to wear a bra, don't wear this one. I don't want Dior to outdo me."

The reference was to the extreme cleavage in the fall and winter collection by the House of Dior, Paris.

On the basis of collections seen so far, the women shopping for spring clothes also will find:

—Numerous dropped waistline effects in both daytime and evening dress. The loose, overblouse look is in recess.

—DAYTIME HEMLINES unchanged from other seasons, still just at the knee.

—Cape or cape affects, a few of the capes flaring and swinging, but most neat and tailored. Arthur Jablow's "Buccaneer" suit in wool and silk combination actually was a hip length cape over blouse and skirt. Other designers showed shorter capes.

—A new ease to skirts, long cut on the straight and narrow, now swinging out with flat-pressed box pleats or panels.

—MORE CONVERSATION about color than she's ever heard. White, a huge success for winter, goes right into spring, So does its less stark version of almost white with beige overtone. Black? Where is it? Playing second fiddle to bright clear shades. Look for a riot of kelly greens, yellows, oranges, and pinks. Look also for daring association of color. Vera Maxwell, for instances, showed pale purple and a subdued lime green combination with a dash of pink added. With navy and white, there was a splash of green.

New Tam Valley P-TA President Active In Little Theatre Group

One of Marin's busy people is Mrs. Wayne D. Ellis, president of the Tamalpais Valley Parent-Teacher Assn. Veva Ellis has held the offices of hospitality and room mother chairman and vice president during her nine years' service to the unit.

Originally from Parsons, Kan,. Mrs. Ellis has lived in Marin 17 years. Sewing, knitting and other home crafts are some of her favorite pasttimes, as well as camping and spectator sports, such as the local high school football games.

Veva has participated in Little Theater activities, ranging from "The Women" to displaying a pair of shapely legs as a chorus girl in Tam Valley's annual "Rhubarb Review."

MRS. WAYNE ELLIS

Mrs. Ellis is also an active member of the Tamalpais High School P-TA and the Mill Valley Methodist Church and is the current deputy grand arch druidess for Tamalpais Circle 183 of the United Ancient Order of Druids.

"The things I enjoy most are those which involve family participation," she said, "be it camping or sitting at the dinner table. And of course, my main interests other than my husband are my two daughters, Clista Lee and Trudy Lynn." Mr. Ellis is manager of a Mill Valley market.

Clista will soon be 15 and is a freshman at Tam High. Trudy is 10 and a fifth grader at the Tamalpais Valley School.

This year the Tam Valley P-TA plans to donate largely to the school library and music program and is relying on the weekly hot dog sales for funds.

Other officers serving with Mrs. Willis are Mesdames Richard Oswald, vice president; Henry C. Yeats, secretary; and Walter Hubbard, treasurer.

Miss Vestergaard, William G. Hohlt Plan May Wedding

The engagement of Johanne Vestergaard of Denmark to William G. Hohlt was announced recently at a party given in Portland by his brother-in-law and sister, Mr. and Mrs. Gail Patrick.

The bride-elect is the daughter of Mr. and Mrs. Aksel Vestergaard of Pandrup, Denmark. She is the sister of Mrs. Paul A. Nielsen, Mrs. Karl A. Andersen, Miss Aase Vestergaard and Svend Vestergaard of Denmark and Mrs. Bertill Werdin of Sweden.

The future bridegroom is the son of Mr. and Mrs. Richard M. Hohlt of San Rafael. A graduate of the College of Idaho at Caldwell where he was a Beta Chi, he is employed by the Standard Oil Co.

Johanne attended schools in Denmark and the College of Marin and is presently employed by the Northwestern Savings and Loan Assoc. in San Rafael.

A May wedding in San Rafael is planned by the young couple.

Electrical Sun Substitutes Keep House Plants Healthier

CHICAGO (UPI) — During the short days of fall and winter, a variety of electrical "sun substitutes" are available to keep house plants healthier.

Home furnishings and garden stores offer everything from a rolling terrarium for a half-dozen plants to miniature greenhouses or fixtures for handymen to design and build their own layouts.

Your florist can suggest the best plants for an artificial-light garden. They include: African violets, episcias, gloxinias, begonias, ferns and many other foliage plants.

For some plants, fluorescent tubes are often better than incandescent bulbs because they give off less heat. But even a reading lamp, turned on for several hours each evening, is of some help over a pot of ivy or philodendron.

One satisfactory setup includes two 40-watt tubes—one white and one daylight—in an industrial type reflector, suspended by chains so the tubes are just a foot above the tops of your plants. This arrangement is useful for the basement, an enclosed porch, or even an unused closet as long as you leave the door open for ventilation.

For best results keep the lights on 12 to 18 hours a day. By using two reflector fixtures, there will be enough artificial light for a four-by-four foot area.

To water plants, keep them in porous clay pots set on aluminum baking trays. Pour water into each tray and the pots will soak it up from the sides and bottom.

It's possible to have a good looking artificial light garden in your living room by installing a fixture with one tube in a bookshelf.

Grow your plants under this, leaving 12 inches between tube and plant tops. Cultural care for plants under fluorescent light is the same as for plants grown in sunshine. Water regularly, feed a soluble plant food every month and pick off withered leaves or blossoms.

"I nearly bought you a record player today, but when I tried to wind it up, the speaker horn fell off."

READYING FOR STUDENT PROGRAM

Newly elected student council members at Sausalito's Richardson Bay School will give their opinions of student government Wednesday night at a Parent-Teacher Assn. meeting. Invited guests will be representatives of the Sausalito City Council, the Marin City Community Services District and the Sausalito School Board. Photographer as they were planning the program are newly elected council officers from left in back of the table: Jennifer Jones, secretary; Earnest Clark, treasurer; Clifford Munger, adviser; and Peter Laufer. In front of the table is president Valena Randolph. The meeting will be held at 8 o'clock in the school's multi purpose room. (Independent-Journal photo)

Dental Assistants Capping Rite Set

Marin County Dental Assistants Society will cap six certified members Wednesday. The ceremony will be held in the Dental Assistants Building, College of Marin at 7:30 p.m.

Those receiving caps will be Mesdames Thomas Decker, Eleanor Keggs, Winifred McMahon and Ruth McCarty and the Misses Rita Morinville and Laura Escola.

Officiating will be Miss Cossette French and Mrs. Hazel Torres.

Marin Women

Barbara Lee Richie Bride In Hamilton Chapel Rite

Barbara Lee Richie, daughter of Michael Richie of San Francisco became the bride of David Alan Bernel, son of Lt. Col. and Mrs. Emmett A. Bernel, (ret.) of Novato, on Oct. 31.

The Rev. H. T. Scholten, chaplain at the Protestant chapel at Hamilton Air Force Base performed the ceremony.

Barbara was attended by Mrs. Vernon Harwood of HAFB and San Francisco. The bride wore a street length gown of white satin and lace. Her matron of honor wore a gown of tangerine wool crepe.

Mark Bernel was best man for his brother. Michael is stationed at the Nuclear Electronics School at Lowery Air Force Base, in Denver. He is the grandson of Mrs. Edith Force of Novato.

The bride is a sister of Michael Jr. and granddaughter of Mrs. Catherine Brunell of San Anselmo. Both young people graduated from College of Marin.

Following a reception at the home of the bridegroom's parents in Novato, the couple left for a wedding trip to Reno, on their way to their new home in Colorado.

THREE ACRE COUNTRY ESTATE

Three acre estates within 40-odd minutes from San Francisco, are nearing extinction. The assured way of life inherent in such a property is all the more attractive when one considers what the dollar potential appreciation of the land itself will be over the next five, ten or twenty years. To span those years, this is elegant Marin County living at its peak! The main house is a modern redwood rambler with three bedrooms, three baths, formal dining rm., and maid's quarters. Lovely formal living room with sweeping view of the sparkling 24 x 45 POOL with surrounding barbecue and cabanas; on beyond this the modern guest house with all-glass walls, providing you with a heavenly marine view. Located on a tip of land near San Rafael this is truly one of the last "RETREATS". Shown by appointment only

$140,000

LIKE A JEWEL IN A PRECIOUS SETTING

this exquisite home nestles on a hillside, overlooking Sausalito—providing a sweeping marine view of Angel Island, Belvedere and San Francisco skyline. You ride a cable-car down through a beautiful terraced garden, land on a Vermont slate terrace, near the main entrance of this elegant custom built home, consisting of three bedrooms, three baths, living room with marble fireplace, dining room adjoining the glass enclosed lanai, which provides you with additional space to entertain. You'll love the ribbon mahogany paneling finished like a lovely piece of furniture, beamed ceilings and the craftsmanship of the fine cabinets and the fully lined cedar closets and marble counter Tops. Shown by appointment only.

WITH A LITTLE PAINT

this home could be a palace! It already has the vaulted ceiling and the quality construction of a palace. The interior of the home just needs some sprucing up! And besides the 3 bedrms., 2 baths and large modern kitchen, you could easily convert the 2 car garage into a huge family room! Nothing to do in the yard but water occasionally. It looks professionally landscaped, for the easiest of care. Because it needs some work, the price has been reduced to $33,800 . . . but you'll see for yourself that it's worth more.

'63 BUICK SPECIAL STA. WAGON
Was $4058 Now $3300

Save $758 on this almost new little Buick wagon that has been used as a family car by our company throughout 1963. It has only 4,300 actual miles and you can't tell it from brand new.

It's never been licensed so whoever buys this wagon will be its first official owner. It carries a full two-year, 24,000 mile new car guarantee exactly as if you were buying a brand new '64 model.

This all white wagon has about every imaginable extra including full red leather interior, factory air conditioning, automatic trans., radio, heater, power steering, power brakes, clock, wind. washer, B.U. lites, tinted glass, W/W tires, power tail gate window, seat belts and numerous other Buick extras.

NOTICE OF HEARING

NOTICE IS HEREBY GIVEN by the Board of Supervisors of the Marin County Flood Control and Water Conservation District that it did on the 29th day of October, 1963, adopt its resolution of intention to undertake and institute a project within and for the benefit of Zone No. 3 of the Marin County Flood Control and Water Conservation District. Said project will consist substantially of the following:

(a) That the District and County will acquire all properties, rights-of-way and temporary working easements necessary for said project, the same to be at an estimated cost of $405,000.00; the relocation of certain existing public utilities at an estimated cost of $50,000.00, and the construction of the Flamingo Road Bridge at an estimated cost of $45,000.00, with the cost of said acquisitons, relocations, construction, and expenses in connection therewith being reimbursed by the Department of Water Resources of the State of California.

(b) That in addition thereto and not subject to reimbursement by the State will be:

1) Expenditure by Zone No. 3 of the Marin County Flood Control and Water Conservation District of one-half the cost of relocation of the Northwestern Pacific Railroad Bridge, total cost of which is estimated at $25,000.00; and

2) Expenditures by the County of the estimated sum of $10,000.00 for a limited road crossing and culverts.

(c) That the actual construction and cost of said flood control improvements will be undertaken and borne by the Corps of Engineers of the United States Army and upon completion, the same will be accepted by Zone No. 3 through the District for future operation and maintenance, the annual cost of such operation and maintenance being estimated at $2,000.00.

NOTICE IS FURTHER GIVEN that the engineer's estimate of the annual cost of maintenance and operation of said drainage facilities after acceptance of the same is in the sum of $2,000.00 per year.

NOTICE IS FURTHER GIVEN that the Board of Supervisors has established Friday, the 22nd day of November, 1963, at 8:00 o'clock P.M. of said day and the Supervisors' Chambers in the Civic Center, San Rafael, California, as the time and place of hearing on said resolution of intention when and where any persons interested may appear and be heard and may file their objections to said project.

NOTICE IS FURTHER GIVEN that a copy of the map of said project will be posted in the following public place at least two weeks prior to the date of said hearing and that said map may be examined at said place by any interested persons: City Hall, Mill Valley, California.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Various Clues Suggest When Person Is Candidate To Develop Diabetes

VAN DELLEN

Various clues suggest that an individual is a candidate for diabetes. It is well known, for example, that diabetic mothers have larger babies than non-diabetic women. The same applies to some women who are likely to develop the disorder in the future.

Dr. Henry T. Ricketts, of the University of Chicago, says 17 per cent of those who deliver infants weighing 10 pounds or more become diabetic. The chance is 60 per cent if the newcomer weighs 13 pounds. By this, we do not mean that diabetes will come on tomorrow or next year. Twenty-five years may elapse between the birth of these children and the discovery of sugar in the urine.

OTHER OBSTETRICAL abnormalities also warn of impending diabetes in that the incidence of miscarriage and stillbirths is high in this group. Husbands also play a role in that the children of diabetic fathers tend to be heavier at birth than do those of the non-diabetic.

The malady is inherited and if both parents have the disease, all their children will be expected to develop the condition, provided they live long enough. Statistics show this is not always true, as the figures are closer to 30 or 40 per cent.

SEVERAL TESTS are available to uncover the pre-diabetic. The newest centers about the discoverey of capillary abnormalities that are present not only in those with diabetes but in those who are likely to get the disease in the future. These vessels are visible in the eye but are recognized with greater accuracy by removing a piece of skin or muscle and studying the capillaries under the electron microscope.

The method may prove more accurate than blood tests, which are done to determine the way in which the body handles sugar given by mouth. Abnormal responses are noted in the diabetic and prediabetic.

(Dr. Van Dellin will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

ABNORMAL CURVES

S. J. B. writes: X-rays show I have curvature of the spine. How serious is this condition?

REPLY

Abnormal curvature of the spine disturbs the weight bearing line of the body. There is strain on the back, muscles, and other structures when they attempt to compensate for the abnormal pocture. Occasionally, the feet suffer, especially when the weight of the body is shifted forward, backward, or to the side.

ALCOHOL AND THE HEART

R. M. writes: How will drinking whisky affect a 38-year-old man with arteriosclerotic heart disease?

REPLY

One or two ounces may produce relaxation whereas eight or 10 drinks will intoxicate him. When this occurs he may throw all caution to the wind and give his heart a real workout. In addition, his old ticker may pound like mad after he falls asleep.

BLUE TREE PATTERN

Mrs. F. writes: I'm 47 and, as I get older, the veins all over my body seem to show up prominently as a blue tree-like pattern. Is this because my skin is getting thinner?

REPLY

Yes, due to loss of fat beneath the skin. In addition, spider veins seem to develop for no apparent reason as we get older.

LIVER AND CIRCULATION

W. L. writes: Will eating liver three times a week help poor circulation in the head and feet?

REPLY

Not unless a nutritional anemia is responsible for the poor circulation. Eating liver does not dilate the blood vessels or improve the blood flow.

Labor Unions Expected To Seek Shorter Day

By SAM DAWSON

NEW YORK (AP) — Labor is expected to push for new share-the-prosperity schemes in the next round of contract talks.

Once the chief emphasis was on wage increases, then on the many kinds of fringe benefits, more recently on job security.

But in the current business upswing industrial production has been rising faster than employment totals and the percentage of the labor force out of work has all but failed to budge.

So now union leaders—with an eye also on increased corporate profits—are expected to step up demands for shorter work weeks and longer vacations, and also to press in new contract negotiations for curbs on overtime. The aim: to get more workers on the payrolls.

Latest Labor Department figures put jobholders at 69.9 million in mid-October. The unemployed totaled 3.5 million, or 5.5 per cent of the labor force, and 159,000 higher than a year ago. Of the jobless, 919,000 have been out of work 15 weeks or longer.

Industrial production in mid-September — the latest figure—was 125.7 per cent of the 1957-59 average, compared with 119.8 per cent the previous year.

Factory workers' overtime averaged three hours a week, highest since 1956. Some labor leaders contend more than 11 million workers are working longer than the standard 40-hour week. So along with the drive to cut the standard to 35 hours, a number of leaders are expected to try to discourage overtime while other members of the union are idle.

Management usually has dollar and cents reasons for resorting to overtime rather than adding to payrolls, with all the fringe benefits that involves: pensions, vacations, health insurance and eligibility for unemployment payments and the like.

Also the production spurt may be temporary or uncertain, making overtime more feasible in management's eyes than a fluctuating total of workers.

And often expansion of the work force would mean training new employees rather than recalling experienced ones.

But the stubborn hard core of unemployment — whether caused by automation or overtime—is bothering unions and their leaders.

'Geology Of Bay' Subject Of Talk

"The Geology of San Francisco Bay" will be the subject of an illustrated talk by Willis Pelletier, College of Marin geology instructor, Friday at the meeting of the Marin Nature Group.

The meeting will be at 8 p.m., Room 40, in the Chemistry Building at the college. Pelletier will also lead the group on a field trip to the Tiburon peninsula Sunday at 10 a.m.

Mrs. Summers Hired To Plan Development

The Baimar Corp., which plans a 25-acre residential community north of the Black Point-Highway 101 intersection, has hired Mrs. Harold A. Summers of Kentfield, former Marin County planning director, to prepare a master plan for the development.

The development, to be known as Crossroads Manor, is scheduled for construction next year.

Ross School Session

The Ross School District Board will have a special meeting at 7 p.m. today to consider recommendations made by the Citizens School Planning Committee.

Art Students Deal The Deck In Assignment

A group of Redwood High School art students has been dealt a winning hand of 10 "A's", seven "B's", six "C's" and one "D" for designing, of all things, a deck of playing cards.

The dealer was Thomas LaMantea, their instructor in commercial art, and the product of their unusual assignment is on display in the library of the Larkspur school.

Using a technique common in magazine art, the card designs were done by the scratchboard process, whereby ink is painted on paper of a certain type, allowed to dry, and then scratched with a special tool, LaMantea said.

Although the art instructor originated the assignment, students had "to come up with their own idea and design for the face and back of the card," he reported.

LaMantea envisioned the assignment as similar to one that a commercial artist might encounter.

The kind of card that was to be designed was determined by lot, each student drawing one card from a deck, then creating his own.

The students were given a two-week deadline for the project. They presented their ideas and after LaMantea's inspection and approval, completed the design using the prescribed technique.

The finished products were 14-inch cards with ornate backs and clever face designs.

LaMantea, needless to say, was delighted with his students' handiwork.

But about that "D".

"Let's just say someone might have thought we were playing low ball," LaMantea said, with what can best be described as a poker face.

San Rafael High AFS Candidates

Four juniors at San Rafael High School have been named as candidates for the American Field Service program next year.

They are Emily Ennis, daughter of Lt. Col. and Mrs. Charles W. Ennis, 400 Stone Street, Novato; Jean Douglas, daughter of Mr. and Mrs. John M. Douglas, 80 Oakmont Avenue, San Rafael; Judith Parsons, daughter of Mr. and Mrs. Arthur C. Parsons Jr., 536 Belle Avenue, San Rafael, and James Rosso, son of Mr. and Mrs. Henry Rosso, 121 DuBois Street, San Rafael.

Mrs. James McFarlane, chairman of the San Rafael AFS selection committee, said the student exchange program is designed to increase friendship and understanding with families overseas. How many from San Rafael will participate will not be known until next spring.

Getting Afternoon News In Morning

MILAN, Italy (AP) — One of Italy's most influential and widely read newspapers is Milan's "Corriere Della Sera." The name means Evening Courier, but actually it is a morning paper.

It started out as an evening paper in 1876, but kept its original name shortly afterward when it changed to morning publication.

MARIN BUSINESS And INDUSTRY

By HARRY CRAFT

New Honda Motorcycle Dealership; Curry Put On Board Of Directors

A new Honda motorcycle dealership, **Mill Valley Honda,** has been opened at 473 Miller Avenue, Mill Valley.

The firm is owned by **Ed G. Milano** of 14 Creek Lane. He is past concours d'elegance director for the San Francisco regional Sports Car Club of America.

Management is under **William Dunne,** 445 Canal Street, San Rafael. He was formerly in the airline public relations business and is an experienced sports car race driver.

The Mill Valley agency will handle only the Japanese manufactured Honda vehicles.

Dunne Curry

E. J. CURRY, executive vice president of **Marin Title Guaranty Co.** of San Rafael and Novato, has been elected to the company's board of directors. Curry joined Marin Title in 1946 and was named vice president last year when William C. Corbett became president. The firm is a subsidiary of California Financial Corp.

GROUND has been broken for the new **Heller's Baby News Center** at 514 Fourth Street, San Rafael. **Herbert C. Heller** estimates completion of the building will be in about six months. **Ronald Antonioli, Inc.** is the general contractor. This will be a two-story structure, with Heller occupying two-thirds of the space. The rest will be leased out to other related businesses in children's lines or service.

ANCHOR DISTRIBUTING CO., distributors for Hamm's Beer and Country Club Stout, will move to 39 Mill Street, San Rafael in about a month. New warehouse and office will be twice as large as present quarters at 22 Woodland Avenue, says owner **Donald R. Sacconi.** He needs the extra space even though he's only been there about 17 months.

STEWART BURMEISTER of San Rafael has joined the staff of **Mag-Powr Games, Inc.** as director of purchasing, according to George Lindman, president of the manufacturing firm. Burmeister was formerly manager of purchasing for the Pacific division of National Can Corp., San Francisco.

MEMBERS of the Marin County Assn. of Insurance Agents who attended the annual convention of the California Assn. of Insurance Agents at Coronado last week were **John Barry, Paul Bettini, Walter Carter, Ivor J. Davies, Willis K. Elliott, Farrington L. Jones, Max Martin, Kenneth M. Proctor, Kenneth A. Samuelson** and Paul Terry.

A. RUSSELL KINGMAN of Mill Valley has been added to the staff of **Wyckoff and Associates,** San Francisco advertising and public relations firm as an account executive. He has already acted in a similar capacity for some of the firm's recently acquired accounts.

Potential Problem Readers Is Topic

How potential problem readers can be spotted before they enter the first grade will be the subject of a training program to begin Nov. 19 in the Belvedere, Tiburon and Tamalpais Nursery Schools.

Causes of reading difficulties will be explained to nursery and kindergarten teachers by Mrs. Frances DeWitt at the first session of the program in the Tamalpais Nursery School in Mill Valley. Mrs. DeWitt is an instructor at Dominican College and operates the DeWitt Reading Clinic in San Rafael. Mrs. Robert Bastian of Belvedere is executive director of the three non-profit nursery schools.

Two New Clubs Formed At Tam

There are two new clubs at Tamalpais High School: the Students for Tam Club, which is to promote spirit and good will both on campus and in the community, and the Millard Fillmore Fan Club, which is to discuss current events and revive the importance of the individual.

The fan club, according to reporter Betty Basom, plans two debates, one on the merits of the John Birch Society and one concerning the question of whether Congress should have the power to revise decisions of the Supreme Court.

The Students for Tam Club has been selling "hello" cards this week to promote spirit and help students to meet one another.

Rezoning Suit Report Is Due

Five Corte Madera public works employees and the police clerk will ask the town council at 7:30 p.m. today in town hall for waivers permitting them to live out of town.

Town Atty. Sherrod S. Davis will report on the status of a suit by Kaehler-Farrar Development, Inc., to prevent the town from rezoning the quarry site west of Highway 101 from apartment to duplex use.

The planning commission on Oct. 14 accepted the developers' concept for a fourth set of plans for apartments at the site.

The council will consider the county uniform animal control ordinance and discuss a police-fire committee report on teen dances.

License Revoked

SACRAMENTO (CNS)—The State Department of Alcoholic Beverage Control has ordered the revocation of the off-sale beer and wine license of Grady J. Stroud, 5460 Redwood Highway, Novato, on charges of multiple sales of alcoholic beverages to six apparent minors.

Shots At College

Immunization shots for tetanus, diphtheria, smallpox and influenza will be offered to College of Marin students from noon to 2 p.m. tomorrow in Room 15, Harlan Hall, by Dr. Fred Adams, campus physician. Students under 21 must present slips signed by parents or guardians.

The word "alarm" is from the old French summons to battle "a l'arme," or "to arms."

Is America selling out ?

America WILL... if it doesn't develop enough future leaders now. They are needed to hold our position in science, in business and jobs, in living standards.

Where do we get leaders? Higher education trains most of them. But colleges are facing higher costs. Many need classrooms, laboratories and competent teachers.

To hold our lead we must back our colleges. Either we help them meet costs or we ... sell out.

HELP THE COLLEGE OF YOUR CHOICE NOW!

To find out how the college crisis affects you, write to HIGHER EDUCATION, Box 36, Times Square Station, New York 36.

Horse Kicks Hurt Two Marin Women

Two Marin women were kicked in the head by horses Friday.

Alice Gatterdam, 39, of 33 Bolinas Avenue, Ross, was treated at Marin General Hospital at 3:50 p.m. for scalp cuts after being kicked by a horse she was trying to coax into a trailer near her home.

At 10:27 p.m. Mary Jo Duncan, 35, was treated at the hospital for scalp cuts and a sprained knee. She was knocked down and kicked when two horses started fighting in a stall at her ranch near Muir Beach.

Slayer Must Die At Quentin

FRESNO (AP)—A jury has decreed that Herman Y. Risenhoover, 36, convicted of the first degree murder of a 19-year-old El Sobrante boy, die in the San Quentin gas chamber for the crime.

The Superior Court jury of 10 women and two men reached their verdict Thursday.

Gary Farina was shot in the back with a .22-caliber rifle in a plum orchard near Reedley on Aug. 9, 1962.

JACQUES QUITS BUT JACQUES STILL JACQUES

It'll still be Jacques'.

Jacques Bauler of Mill Valley has sold his restaurant, Jacques', at 52 Throckmorton Avenue there after seven years of operating it, and plans to return to his native Luxembourg, where he owns a bar.

The new owner: Jacques Gysbertus of San Francisco, a native of Holland.

There will be, of course, no change in name.

Pleads Guilty To Mischief Charge

Ronald W. Kennedy pleaded guilty Friday to a malicious mischief charge in Marin Municipal Court for shoving his arm through the windshield of a car Oct. 19.

He was ordered to pay a $29 fine and make restitution to the car owner, Patrick W. Byrne, 16 Hilarita Avenue, Mill Valley. Kennedy, 20, of Marin City, was treated at Marin General Hospital for a deep cut after the incident, which occurred at the Tamalpais High School parking lot during a scuffle after a dance.

Alcohol Hearings Slated In Marin

The Department of Alcoholic Beverage Control announced today that four hearings on alleged liquor violations in Marin County will be conducted in San Rafael next month and Jan. 10.

The hearings at the Labor Temple, 701 Mission Street, will start Dec. 18 at 10 a.m. when Roma F. Weaver, proprietor of Roma's Market, Forest Knolls, faces charges of selling to a minor.

Sigfried K. Herzog Jr. proprietor of Marin Drive-In Liquors, 1556 Fourth Street San Rafael, will have a hearing on charges of selling to a minor at 1:30 p.m. Dec. 18. Ivores Dains will be hearing officer.

Irving Litchfield, proprietor of Bermuda Palms, 737 Francisco Boulevard, San Rafael, will have a hearing on a charge of failing to operate a bona fide restaurant on Dec. 26 at 10 a.m. E. A. McDonald will be hearing officer.

Kenneth A. and Patricia M. Crawford of Elite Foods, 1345 Fourth Street, will have a hearing on a charge of violating the fair trade law at 10 a.m. Jan. 10. McDonald will be hearing officer.

San Rafael Chamber Is Hiring Salesman

San Rafael Chamber of Commerce directors have approved the hiring of George Guy, 65, of 95 Medway Road, San Rafael, as a membership salesman.

Guy, who has been in sales most of his working lifetime, will sell memberships to businesses, collect delinquent accounts and assist the membership committee.

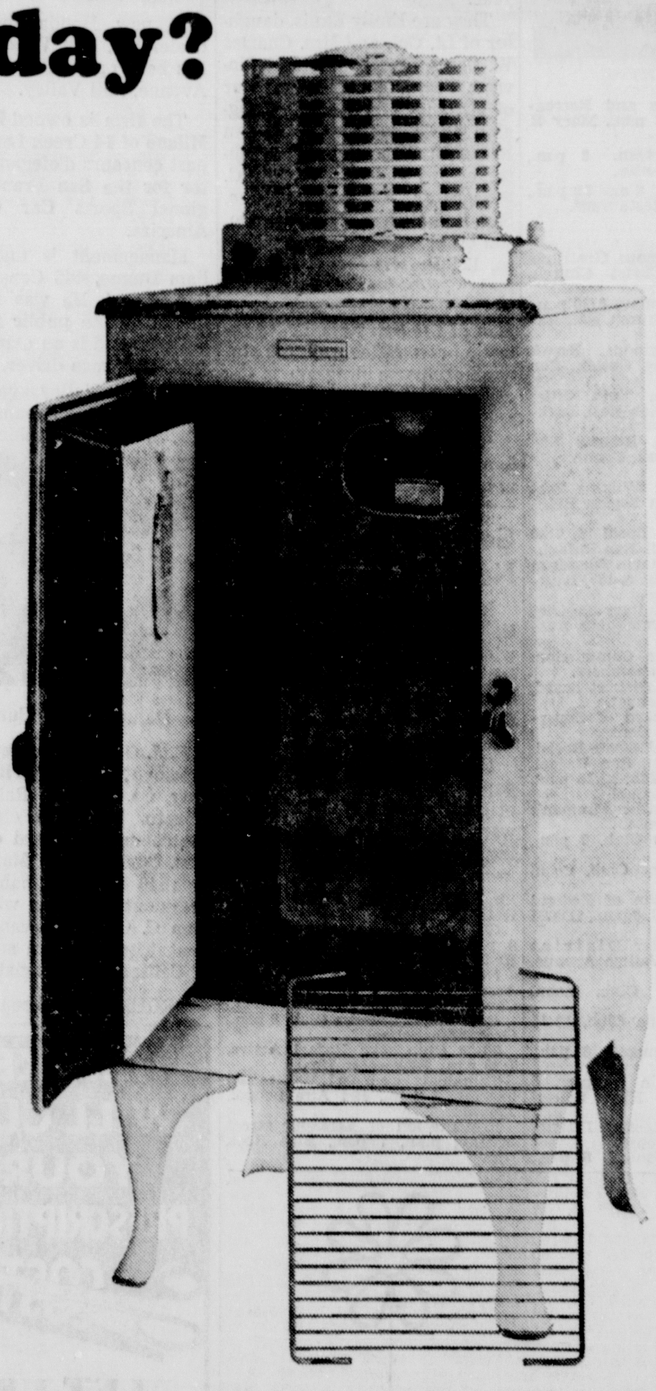
What did refrigerators have in 1933 that they don't have today?



Answer: They had higher-priced gas and electricity ... because PG&E prices are 8% lower today* than thirty years ago. And here's an important reason: the more gas and electricity people use, the more efficiently and economically we've been able to provide it. [So how come your bill is bigger than it used to be? Just because you're using more and better appliances these days.]
